

## Eisenhower Rounds Out Draft Of His Legislative Layout

NEW YORK (AP) — President-elect Eisenhower hopes to round out a preliminary draft of his legislative program at a conference today with Sen. Robert A. Taft of Ohio and other Senate Republican leaders.

The senators are those who will have a key role in how far the general legislative program gets in Congress. Besides Taft, slated to be Senate majority leader, those scheduled to sit in at today's conference include:

Senators Styles Bridges of New Hampshire, prospective president pro tempore of the Senate; Eugene D. Millikin of Colorado, chairman of the Conference of All GOP Senators; and Leverett Saltonstall of Massachusetts and Milton R. Young of North Dakota, members of the Senate Republican Policy Committee.

Eisenhower announced that after his inauguration he will appoint Robert Cutler, president and

director of the Old Colony Trust Company of Boston, as an administrative assistant. Cutler, 57 and a Republican, served as an adviser to Eisenhower during the election campaign.

## Doomed Mother Dies For Baby

ST. ALBANS, Vt. (AP)—Doctors today praised the courage of Mrs. Mary Decelle, 32, who didn't let the knowledge of sure death spoil the birth of her fifth child or the family's Christmas observance.

Mrs. Decelle gave birth to an apparently healthy 5 pound 7 ounce boy last Saturday, then died of cancer less than 24 hours later. The brave mother had pleaded with doctors to be permitted to leave Kerbs Memorial Hospital so she could spend the holiday with her family at home.

She promised to return the day after Christmas for a Caesarian section.

Doctors let her go home about 10 days before Christmas and on Dec. 26 she kept her promise and returned to the hospital to face the death she, her husband and her parents knew was inevitable.

Dr. Walter Rath said Monday night, "Mrs. Decelle was one of the most courageous women I've ever met in my life. She held the child long enough for us to take it and then she died."

## Reds Plan Radio Hate Offensive

BONN, Germany (AP)—The Russians are planning a gigantic radio offensive against the West in 1953. It's designed to black out stations still piercing the Iron Curtain and to extend the Kremlin's "hate the West" propaganda broadcasts to new millions in free Europe.

Allied officials here have reported this to their governments after studying intelligence reports on radio developments in Soviet-occupied East Germany.

Until recently the Voice of America, RIAS, the powerful American station in Berlin, and the British Broadcasting Corporation could be heard by East Germans without interference from the Russian jamming system.

Now Russian technicians and German workers are feverishly building a chain of high-powered transmitters in East Germany from the Baltic to the Czechoslovak border.

Allied officials believe the Russians first will use this new radio chain to jam these Western stations and then to hurl a barrage of vicious propaganda broadcasts to Western Europe.

## Bidault Tackles Job Of Rebuilding French Coalition Government

PARIS (AP)—Premier-designate Georges Bidault stepped up his efforts today to forge wide support for a coalition government that would push for harsh tax reforms at home and swift ratification of the European army to bring German troops into the Western defense system.

After conferring all day yesterday with leaders of France's major parties, Bidault agreed to try to form a government. He must assure himself of a strong majority in the Assembly before he can be invested in the job vacated by premier Antoine Pinay.

## Churchill Prepares For Trip To U. S. A.

LONDON (AP)—The British Cabinet meets in special session today to hear Prime Minister Churchill outline the world problems he plans to discuss with President-elect Eisenhower.

Informed sources said he would urge that the U. S. talk over with Britain any new Far Eastern moves.

## Church Altar Robbed

GRAND RAPIDS (AP)—Three of the most sacred objects used in its services, the tabernacle and two gold Communion chalices, were reported stolen Monday from Our Lady of Sorrows Catholic Church.

Mrs. Salvatore Cianci, pastor, told police that two receptacles for contributions also were broken into and the small change taken.

Monetary value of the loss was said to be between \$400 and \$500.

# Truman To Ask 73½ Billion In New Funds Next Year

MAULED BY MOUNTAIN LION—Mary Lynne Baddon, 6-years-old, is comforted by her mother, Mrs. Evelyn Baddon, in Gardena, Calif., after being hauled by Buddy (right), the motion picture mountain lion. ## Allied Troops Take Frozen Outposts On West Korean Front

By GEORGE A. MCARTHUR

SEOUL (AP)—Counterattacking Allied troops today regained frozen outposts near Chorwon on the Western Front. The posts were captured by a reinforced Chinese Communist company last night.

An Eighth Army briefing officer said about 30 Communists were killed and 100 wounded in the vicious Red attack by about 225 men. Allied defenders withdrew after an hour of fighting but stormed back with reinforcements to reoccupy the positions.

**Snow and Sleet**  
Allied air activity was hampered by heavy clouds over most of North Korea. Marine and Air Force planes hit Communist positions near the West and West-

## Troop Rotation Points Boosted

TOKYO (AP)—Behind-the-lines troops in Korea will need two additional points for rotation home after Jan. 1.

Gen. Mark W. Clark's headquarters today gave lack of replacements from the U. S. as the reason. There was no change in the rotation requirement of nine months service—36 points—for soldiers at the front. Rear area troops will need 40 instead of 38 points.

Troops at the front get four rotation points a month. Those near the front get three and soldiers far to the rear get two.

Soldiers in Japan whose families are with them get one point monthly. Others get 1½.

Clark, Far Eastern commander, and Washington have disagreed in recent months on the problem of adequate replacements. Pentagon pressure forced Clark on Oct. 22, to withdraw an order increasing the battle-line rotation requirement from 36 to 38 points.

There was no comment on Clark's latest order from the Defense Department or the Army.

Saturday the Army's February draft call was upped to 53,000 men—the highest quota since early in the Korean war.

## Work Stoppages Set Record During 1952

WASHINGTON (AP)—The year now closing brought more strikes and more idleness from work stoppages than any period since the industrial convulsions of 1946, the Labor Department reported today.

It said 4,950 stoppages began in 1952. This was close to the record of 4,985 set in 1946 when labor went after its "first round" of post-war wage boosts.

The 1946 strike wave had much to do with enactment of the Taft-Hartley Industrial Relations Act in the following year. Stoppages in 1952 exceeded—in number of shutdowns, workers involved, and days of production lost—any previous year under the Taft-Hartley law.

Thirty-four major stoppages, involving more than 10,000 workers each, were recorded in the survey made by the Bureau of Labor

Statistics (BLS). The biggest was the two-month strike of the CIO United Steelworkers.

AFL unions were involved in 17 of the major stoppages, CIO unions in 12, and independent unions in 6. The industry most hit was construction; it had 7 big strikes, 5 of them affecting projects of the Atomic Energy Commission.

Strikes of all sizes outnumbered the 1951 total by about 5 per cent, but man-days of idleness more than doubled—increasing from 22,900,000 in 1951 to 55 million this year.

A man-day is the time of one man for one day.

Some 3½ million workers were involved in this year's stoppages, as against 2,200,000 last year.

Economic issues, primarily wages, were the dominant cause of the large shutdowns, BLS said.

Central fronts, but results were unobserved.

Snow, rain and sleet fell along the front today. Temperatures ranged from 6 to 13 degrees above zero.

The Reds hurled five minor attacks on the Kumhwa Ridge area of the Central Front last night but the remainder of the 155-mile battlefield was relatively quiet.

Allied troops beat back about 40 Chinese who attacked Pinpoint, key height on Sniper Ridge near Kumhwa, in a 10-minute battle late yesterday.

The Communists hurled other light attacks on the south slope of Jane Russell Knob of Triangle Hill and on Rocky Point, jutting east of Sniper Ridge. Allies repulsed both jabs.

**Big Guns In Action**

Communist big guns continued a steady pounding on the Western Front. The Eighth Army estimated the Reds fired nearly 5,000 rounds in the 24 hours ended at 6 p. m. yesterday.

Allied warplanes, flying through heavy clouds and snow in some areas, concentrated on Communist front-line positions yesterday.

The Far East Air Force said 11 B29 Superfort bombers from Okinawa last night dumped 110 tons of explosives on a Chinese Communist military headquarters at Taegam, near the North Korean capital Pyongyang.

Crewmen reported the 95-acre installation, including more than 100 buildings, was rocked by explosions and a huge fire.

**Grand Rapids Pushes Expressway Project**

GRAND RAPIDS (AP)—The proposed multi-million dollar north-south expressway through Grand Rapids inched forward another step today.

City Manager George E. Bean was authorized by the city commission to enter into an agreement with the State Highway Department to sell \$5,000,000 worth of 20-year revenue bonds to finance Grand Rapids' share of the cost.

The state and federal governments will help finance the project which has been in the planning stage for several years.

**Federal Payrolls Drop In November**

WASHINGTON (AP)—In November, for the fourth straight month, there was a decline in the federal payroll, the Civil Service Commission said today.

Its report covered the executive branch of the government, and did not include armed services personnel. The commission said that during November the payroll dropped by 3,700 to a total of 2,564,300 workers.

## Chicago Store Razed In Spectacular Fire; 3 Perish, 3 Missing

CHICAGO (AP)—Three persons perished and three other were believed burned to death in a fire Monday which destroyed a South Side furniture store and warehouse. An explosion preceded the spectacular blaze.

The cause was undetermined. Fire Marshall Michael J. Corrigan estimated the damage at \$100,000 to \$150,000.

## Draft-Dodger Up For Deportation

NEW YORK (AP)—Draft-dodging financier Serge M. Rubinstein, former "boy wonder of Wall Street," who first was exposed to finance at the czars court in old Russia, must surrender today for deportation from the United States.

If he fails to show up by 3 p. m., Central Standard Time, he stands to forfeit the \$1,000 bond in which he is now free.

The deadline was set Monday in Washington by Atty. Gen. James P. McGranery, who ordered the 44-year-old Rubinstein taken into custody on a deportation order issued last February. It is based on a 1947 conviction of draft dodging.

Rubinstein could not be located by newsmen. A butler at the financier's Fifth Avenue home said Monday night he was not home, and not expected.

In Hollywood, Milton Golden, an attorney for Rubinstein, said Rubinstein would appeal McGranery's order to the Supreme Court "if necessary."

Rubinstein has been fighting deportation from the United States for nearly 10 years. On the current deportation order, he had exhausted all his appeals within the immigration service and Justice Department. He still can go to the courts, however.

He has served a 2½-year federal sentence for draft dodging, imposed in 1947. A few years ago he was tried and acquitted in Federal Court in New York on charges of violating the Security and Exchange Act.

## City Raises Wages

GRAND RAPIDS (AP)—The city commission Monday night gave immediate effect to an ordinance raising the pay of most city employees by five per cent.

Some workers in the lowest job classifications will get a 10 per cent boost, while supervisor employees will get increases of from five to 10 per cent on their job anniversaries.

## Self-Financing Farm Price Program May Be Revived By GOP

By OVID A. MARTIN  
WASHINGTON (AP)—The incoming Eisenhower administration probably will seek ways of returning to the "self-financing" features of early New Deal farm programs.

The Republicans are committed to broad price support programs which over the last 18 years have cost taxpayers slightly more than a billion dollars.

But President-elect Eisenhower, as well as Ezra Taft Benson, his choice to be secretary of agriculture, have made known a desire to reduce the cost of price support programs.

**Treasury Pays Bill**  
Early New Deal programs were financed in part by what were called processing taxes—that is, taxes levied on the first processing operation of a farm product, such as the milling of wheat into flour, slaughter of hogs for pork, and so on. This tax was knocked out by a 1936 Supreme Court decision which declared the then existing Agricultural Adjustment Act to be unconstitutional.

Since that time, costs of supporting farm prices have fallen on the Treasury.

Methods of self-financing price guarantee programs discussed by

**Gunpowder Kills 5**  
MEXICO CITY (AP)—Six barrels of gunpowder exploded in a home fireworks factory here yesterday, killing five persons and injuring five more. The dead included Florentino Villanueva, owner of the factory, his wife and two grandchildren.

## Grandma Bandit Pleads Innocent

LOS ANGELES (AP)—Mrs. Ethel Arata, the so-called grandma bank bandit, will plead innocent to bank robbery, her attorney says, on the ground she acted under an uncontrollable love for the human race.

This defense was outlined yesterday by Atty. Joan Martin after an hour-long conference with her 52-year-old client.

Firemen found the bodies of two men and a woman in the smoldering ruins of the four-story building of the General Furniture Company at 6155 South Halsted Street. They were tentatively identified as company employees.

Firemen said another employee, a salesman, and two unidentified woman customers were reported seen in the basement at the time of the explosion and presumably were trapped by flames. Firemen continued searching the debris for their bodies.

About 16 employees were in the store, located in the heart of the city's largest neighborhood business center, when the fire broke out. All except four were accounted for, police said.

Police identified the dead as Harold Kistner, 54, the store's personnel manager; Earl Hildebrand, 55, advertising manager, and Miss Elaine Lapka, 26, a bookkeeper. The missing employee was Alvin Kessel, 55.

## Grandma Bandit Pleads Innocent

LOS ANGELES (AP)—Mrs. Ethel Arata, the so-called grandma bank bandit, will plead innocent to bank robbery, her attorney says, on the ground she acted under an uncontrollable love for the human race.

This defense was outlined yesterday by Atty. Joan Martin after an hour-long conference with her 52-year-old client.

Mrs. Arata, whose father was the late Robert Catts, New York multimillionaire, is charged with three counts of bank robbery. Catts lost his fortune in the crash of 1929.

The famed Duncan sisters of the stage, Rosetta and Vivian, were turned away from the jail. They were trying to see Mrs. Arata, who sang the lead in their "Topsy and Eva" back in 1923.

Miss Martin told newsmen: "I am convinced she committed the robberies under the uncontrollable and irresistible impulse of love for people—just people."

Mrs. Arata had told newsmen she had given much of her booty away.

## Present Fiscal Year's Spending Below Estimate

WASHINGTON (AP)—An informed administration source said today President Truman will call upon the new Congress to vote about 73½ billion dollars in new appropriations next year.

He predicted government expenditures of "somewhat under" 80 billion dollars—subject, of course to changes by the incoming Eisenhower administration.

**Deficit Decreased**  
Spending in the present fiscal year, the source said, will probably fall between four and five billion dollars below the latest official estimate, due to lags in defense expenditures, but tax collections will be about what was previously estimated.

That would mean a five to six billion dollar budget deficit at the end of next June in place of the present official estimate of \$10,300,000,000.

On a cash income and outgo basis, the deficit, according to this information, from a man who asked that he not be named, would be from two to three billion dollars instead of the present estimate of nearly seven billions cash deficit.

Actual government spending always varies from the amounts voted by Congress because of delivery time lags.

**Changes Expected**  
The present fiscal year—fiscal 1953—ends next June 30.

President-elect Eisenhower can make any changes he wishes in the budget program which the law requires Truman to lay before Congress only a fortnight before he leaves office.

Congress can also make changes.

**McCarthy Given Six Decorations**  
WASHINGTON (AP)—Sen. McCarthy (R-Wis.) received six decorations for his World War II service from the Marine Corps yesterday, almost eight years after his discharge.

The presentation, in the senator's office was made by Col. John R. Lanigan, commanding officer of the Fifth Reserve Marine District. McCarthy, an air combat intelligence officer, flew 30 combat missions in the Pacific.

The citations—for the Distinguished Flying Cross, the Air Medal and four stars in lieu of additional air medals—were signed by Secretary of the Navy Kimball. The Distinguished Flying Cross was awarded, in the words of the citation, "for heroism and extraordinary achievement."

Lanigan said the long delay in formal presentation of the awards was not unusual.

## Science Trying To Build Usable Hydrogen Bomb

(Editor's Note: What blew up with an unprecedented bang at Eniwetok Proving Grounds a few weeks ago? Was it a hydrogen bomb? What effect will it have on military planning, strategy and tactics? These and other questions are explored below, in the second of four articles on atomic energy.)

By ELTON C. FAY  
AP Military Affairs Reporter  
WASHINGTON (AP)—Nuclear scientists and ordnance designers presumably are trying now to fashion an actual and practical weapon out of a hydrogen explosive device.

What blew up with an unprecedented bang at Eniwetok Proving Grounds a few weeks ago may have been the world's first big blast from the fusion process of atomic science. But there are reasons to believe it wasn't any transportable and handily packaged gadget that could be loaded into and dropped through an airplane bomb bay.

**May Take Longer**  
There is, in the lexicon of atomic weapons, a distinct difference between a device (the tool of experimenters) and a bomb (the finished product for use by an armed force.)

The interval between the first experimental burst from a gadget mounted on top of a steel tower and production of an ordnance-perfected bomb may be substantially longer this time than in the instance of the original atomic bomb.

On July 16, 1945, the scientists and military men of the then-secret Manhattan Project produced the first atomic explosion from the top of a tower at Alamogordo, N. M. In less than a month—on Aug. 6—an atomic bomb was dropped from a specially fitted bomb bay of a B29 Superfortress, exploding above the Japanese city of Hiroshima.

That was the world's first look at the atomic bomb. But the atomic era had dawned nearly three years earlier, in December, 1942, ten years ago this month, when scientists engineered the first successful atomic chain reaction.

As intricate as that old Model T bomb and its trigger was, it didn't require the space, weight or still more complex mechanisms needed for hydrogen explosion. Among other things, a hydrogen explosive device must contain a really deep-freeze refrigerator to maintain control of the process until the instant of burst. The weight and bulk of the assembled test gadget must be considered imposing.

There is the possibility that the weapons makers may decide it is not necessary to bring the H-bomb (Please Turn To Page 6, Col. 9)

**Dome Of State Capitol Shines**  
LANSING (AP)—Michigan's capitol dome will blossom out in a new look New Year's night, State Building Director A. N. Langius said today.

Probably during the Inaugural Ball on Jan. 1, the nearly 50-year-old "outline lights" will be turned out and the new floodlights turned on. Gov. Williams is being asked to throw the switch which will be specially run to the capitol lawn.

The new flood lights were installed during the recent rewiring of the whole capitol building. The 37 floods of 1,000 or 1,500 watts each, cost about \$7,500 to install, Langius said.

The new floodlighting, which is expected to improve the night appearance of the dome, was designed by the E. R. Little Co. of Detroit, engineers of the General Electric and Westinghouse Corporations and of the State Building Division.

## Weather

Reported by U. S. Weather Bureau

**UPPER MICHIGAN:** Cloudy with a few snow flurries tonight and Wednesday; little change in temperature.

**ESCANABA AND VICINITY:** Cloudy with a few snow flurries tonight and Wednesday; little change in temperature. Low to night 20°; high Wednesday about 30°. Winds mostly east to northeast 6-12 mph tonight and Wednesday forenoon.

**High Low**  
ESCANABA: 27° 31°

Houghton 15 Traverse City 21  
Lansing 32 Washington 26

## Lansing After Big Conventions

LANSING (AP)—In an attempt to recapture the state's convention business, the Lansing city council last night authorized the taking of bids for a seven-story, 6,000 seat veterans memorial auditorium.

Members of the city council said they hoped that the project, when completed, would help attract to Lansing many of the state and national conventions now going to Grand Rapids and Detroit.

At the same time, bids were asked for a three-story civic office building, planned as a part of the same unit, to be built one block southwest of the state capitol.

The auditorium, with 3,000 seats on the main floor and additional 3,000 seats in the balcony, will have a 50 by 116 foot stage. There will be 25,000 square feet of exhibition space in the basement.

Bids on the project will be opened March 16. It is hoped the two buildings will be completed within two years.

The Prudden Building, Lansing's largest present downtown auditorium has a 2,800 seating capacity.

## Holdup Frustrated By Giggling Cashier

ALBUQUERQUE (AP)—What the holdup man didn't know was that Ruth London has a nervous habit of giggling when she's excited or scared.

The bandit poked his revolver into the window last night as red-haired Ruth, 25, sold tickets for the wrestling show of husband-promoter Mike London.

"Give me the money," he demanded. Ruth giggled.

"I'm not kidding—this is serious," he muttered fiercely.

Ruth giggled again.

"All right," he blurted, shoving \$1.50 through the window. "Gimme a ringside seat," he grabbed it and fled.

## Jet Airliners Get Priority In Britain

LONDON (AP)—Production priority higher even than some armaments manufacture has been given to three commercial jet airliners in Britain's drive to speed up her exports.

The government yesterday put the three jetliners—the Comet, prop-jet, Viscount and Britannia—in the new "superiority" classification Prime Minister Churchill introduced last March as a means of speeding modern planes to the Royal Air Force.

Two big new jet bombers—the Avro Delta and the crescent-winged HPSO—also were given the top priority classification, raising the number of planes in that category to 11.

## Playwright Dropped For 'Silent Night' Pun

NEW YORK (AP)—Playwright George S. Kaufman has been dropped from the CBS television program "This Is Show Business" because he remarked: "Let's make this one program on which no one sings 'Silent Night.'"

He made the remark on the Dec. 21 show.

"This was not wittingly an anti-religious remark," Kaufman said.

"I was merely speaking out against the use and overuse of this Christmas carol in connection with the sale of commercial products."

# Iran Oil Deal Spurs British Protest To Ike

By DREW PEARSON

The inside fact about Winston Churchill's sudden decision to see Eisenhower is that he tried to make a similar announcement 10 days ago, but Foreign Minister Eden wouldn't let him.

At that time, Eden and Secretary of State Dean Acheson had been battling in Paris over the dynamite-laden question of Iran. Churchill was so sore over certain American proposals regarding Iran that he tried to telephone his old friend, Bernard Baruch, with a view to coming to New York before Christmas and seeing Eisenhower then.

What happened then was that Paul Nitze of the State Department had been sent to London to propose a compromise with Premier Mohammed Mossadegh. The situation in Iran has degenerated from bad to worse, until the northern area is so dominated by the Tudeh Party that Communist infiltration or even overthrow could come at almost any time—unless the economic situation improves immediately.

Three Proposals

The State Department, therefore, proposed the following compromise between Iran and Great Britain.

1. Twenty million tons of Iranian oil to be sold to the major oil companies with immediate payment to Iran. This oil was refined by the British and is stored in Iran as British property. It has not been marketed because of British threats against any oil company handling its distribution.

2. A loan to Iran by the World Bank from future sales of oil.

3. A certain amount of economic aid to Iran by the United States under the ECA and Point 4 programs.

British Contracts

This proposal was not only discussed by Nitze in London but between Secretary of State Acheson and Foreign Minister Eden in Paris. The British had no objection to American aid to Iran but they did object vigorously to the rest of the proposed agreement on the bases that it would be a violation of contract.

If the contract with Iran was violated, Eden argued, and the Iranians were able to take over the Abadan refinery through virtual seizure, then other contracts throughout Asia would collapse. Kowloon, opposite Hong Kong; Egypt, the Malays and the Near East.

Eden told Acheson that under no circumstances would Great Britain abandon the principle of international arbitration, pointing out that England had proposed arbitration by the World Court only to be rebuffed by Mossadegh. When word of these discussions reached Churchill himself, he hit the ceiling.

Will Not See Truman

He was so sore that he wanted to send a personal cablegram to President Truman and leave immediately for New York for a conference with Eisenhower. Anthony Eden had to rush back across the Channel to London to dissuade him.

Churchill argued that agreements such as the State Department proposed were playing into the hands of Moscow and its new line of dividing the United States and Great Britain.

In the end, Eden calmed Churchill down. But when Churchill heard that General MacArthur had proposed to Eisenhower use of the atomic bomb in Manchuria; and when on top of this the New York Times interview indicated a possible conference between Eisenhower and Stalin, he could be restrained no longer. He decided to come to New York regardless of Eden.

Note: Churchill does not plan to visit Washington and President Truman.

"Jet streams," the extremely fast currents of air which circle the earth from west to east two to three miles up in the sky, probably are the result of a mass of cold air from the north meeting a mass of warm air from the south.

## First Fish Shanties Appear On Little Bay

First fishing shanties are making their appearance on Little Bay de Noc from Kipling north following cold weather that coated the bay with a thin covering of ice.

The ice is dangerously thin in many places and only experienced fishermen have ventured out with their shanties so far. According to reports from conservation officers some perch and walleyes were taken through the ice during the past weekend.

Hook and line fishermen catch mostly perch, walleyes and Northern pike during the winter months. Before the winter ends

## Four Convicted Of Headlighting

Four Delta county men, found guilty yesterday in Justice Joel Kela's court at Gwinn of charges of attempting to hunt, shoot and kill deer with the aid of an artificial light were sentenced to pay fines of \$50 and costs of \$20 each.

The men immediately indicated, through counsel, that they would appeal the conviction and sentence to circuit court. The respondents are:

Jerome DeBacker, Arthur North and Lawrence Bussineau, all of Cornell Rte. 1; and Patrick DeBacker of Rock.

Conservation officers and State Police arrested the four men the night of Nov. 14, the day before the deer hunting season opened.

Jerome DeBacker, who is also charged with the possession of four untagged deer, pleaded not guilty when previously arraigned and will receive trial on that charge in Justice Kela's court.

## Rotary Host To Award Winners

The Escanaba Rotary Club at its luncheon meeting yesterday at the Delta Hotel was host to three young men and two young women who have received the Rotary Boy and Rotary Girl watch awards as Escanaba High School graduates in recent years.

L. C. Harrison of the Rotary Club's program committee said the Rotary Club has not lost interest in the eight young men and women who received the Rotary Award in the past four years and had invited them back to give "a progress report."

Three of the eight, Mary Groos, Dale Jackson and Irene Steen (now Mrs. Robert Worley) were unable to attend. The five who were present were:

Five Are Students

James Chapakis, student at University of Michigan, who has completed two years of study there and is now enrolled in the dental school.

Robert St. Martin, who attended Marquette University for one year, and is now a student at Northern Michigan College of Education, Marquette.

Miss Dora Rose, who has been in nurses training at Evanston Hospital and is now making plans to enroll in Cleary College at Ypsilanti to take medical secretary training.

Miss Joyce Sundquist, now a student at Northern Michigan College of Education, Marquette, who will enter Cleary College to train as a medical secretary after completing the semester at NMCE.

Ted Rouman, student at University of Michigan, who is enrolled in the college of literature, science and arts, and is planning for a law degree.

Started In 1926

The first Rotary Award was made in 1926, said Supt. John A. Lemmer in recounting the history of the Rotary Award. Selection of the award recipients is based on scholarship, service, character and leadership. First Rotary Awards were to girls, and in later years also to boys.

Edward E. Edick, Senior High School principal, introduced the Rotary Boys and Rotary Girls who were guests of the club.

Nevin Reynolds, Rotary Club president, announced that Rotarian E. H. Niederauer, official of the Escanaba Paper Company, is to leave soon for Kingsport, Tenn. Niederauer said he and his family were leaving Escanaba "with the very deepest regret."

Brown and Clarence Brown Jr. of Engadine.

Attending the services were Mr. and Mrs. Orville Hoover of Gladstone, Mr. and Mrs. Alfred Valentine and Richard of Metropolis, Ill., Mrs. Charles Gorenchman, Mrs. Arnold Berg, Mrs. Ray Gangstad, Mr. and Mrs. Max Holzgrebe and Mr. and Mrs. J. Gerald Kenneally and Robert of Escanaba, and Mr. and Mrs. Alfred Dahl of Cornell.

## Escanaba Woman Regains Vision After Head Cold

SCHAFFER—Colds and headaches are usually a nuisance, but Mrs. John (Mary) Swanson, formerly of 1512 S. 3rd ave., regards them as a blessing.

On Dec. 21, four days before Christmas, Mrs. Swanson noticed she was able to see—for the first time in five years. She had had a head cold and severe headaches previously.

## Farmers' Tax Date Is Jan. 31

With the Jan. 31 deadline on filing of farmers' income tax returns, County Farm Agent J. L. Heirman today reminded farmers to begin now to assemble their records of income and expenses.

He advises that county farmers gather the information that is needed on the forms so that filing of the return will be completed quickly when the forms arrive. The forms will be mailed from the Detroit office of the Director of Internal Revenue within the next two weeks.

There are no major changes in filing procedure or in taxation set - up this year, Heirman reports. One change inaugurated last year is retained on this year's form.

The change taxes only one-half of the profit a farmer makes on the sale of cattle owned for one year, or on the sale of breeding cattle.

Most farmers will use two forms for their income report: the standard 1040 and the farmers' form 1040-F. A supplementary Schedule D blank will be filed by farmers who have an income from breeding cattle.

Farmers have an alternative to filing their returns by Jan. 31. They may file an estimate of their taxes and pay this amount by Jan. 15, then file the return and pay any balance due by March 15, 1953.

"Whichever system the farmer uses, he should begin to prepare for filing now," Heirman recommends.

When meteorites hit the earth they often are only warm to the touch because the flaming heat generated by passage through the air is only on the surface and does not penetrate the mass of the body.

NEXT "THE QUIET MAN"

Mrs. Swanson, who will be 90 next summer, is residing at the Victor Auger home in Schaffer. She lived in Escanaba 75 years before going to the convalescent home in Schaffer 18 months ago.

The Escanaba woman was nearsighted most of her life. For several years her visual acuity seemed to decrease, and about five years ago she seemingly lost all vision, except for the ability to distinguish day from night. The cause was not known.

Mrs. Swanson says she now can see pictures on the wall, though is unable to distinguish details in them. A week ago Sunday, when her nephew, Lambert Peterson of Escanaba visited her, she saw him coming in the doorway. Previously she had been unable to see anyone who entered the room.

While her nephew visited her, he asked how many people were beside her bed. She pointed out each one, but could not identify them individually.

Mr. Swanson, who came here from Sweden when quite young, is bed-ridden and hard of hearing. As far as is known, she has no illnesses other than complications due to advanced age.

"It's a miracle to see ever a little bit after five years," Peterson comments.

Mrs. Swanson also has a brother, Fred Magnuson of Kingsford, who now is vacationing in Florida, and a niece, Mrs. Bertha Berg of 709 S. 5th ave. Her husband died many years ago.

## Prison Inmates Save White Pine

LANSING (AP)—Prison inmates protected white pine stands worth roughly \$2,500,000 during the year, Corrections Commissioner Earnest C. Brooks reported today.

He released a report of the work of 24 trustees in the white pine blaster rust eradication program. The report was made by forester Leiton E. Nelson of the State Agriculture Department.

The inmates, assigned from three conservation prison camps and the Marquette Prison honor farm, protected 9,906 acres of pines by destroying gooseberry and currant bushes over 22,491 surrounding acres. In 1,513 man-days of work, the inmates destroyed 142,690 plants.

The fungus which produces the blaster rust must live part of its life cycle on gooseberry and currant bushes.

## Nine Delta Men Join Air Force

Nine Delta County men have left for Detroit and Milwaukee to take enlistment examinations for service in the U. S. Army and Air Force.

The Delta men were accompanied by eight Manitowish men and two from Iron Mountain when they left Sunday night. Most were scheduled to take exams today.

Peter Brown of 324 Minnesota Avenue, Gladstone, was the only man enlisting in the army. He will take his exams in Milwaukee.

James F. Katarincic, 1621 North 18th street; Richard N. Boucher, 1613 Stephenson avenue; Gerald E. LaFreniere, 226 North 18th St.; Wayne J. Kirkpatrick, 216 North 14th St.; Louis F. Terrian, 311 Stephenson ave.; Thomas C. Morin of Bark River; John F. Mercier of Ensign, Rte. 1, and Robert L. Rivard of 1408 Lake Shore drive, left for Detroit to take enlistment test for entrance into the Air Force.

All were initially processed through the U. S. Army and Air Force Recruiting station here.

## Promotions, Duty Changes Made In Local Guard Unit

Two enlisted men's promotions and a change in classification for three officers of the Delta county National Guard were announced today by Capt. Roy Johnson, unit commander.

The men advanced from private first class to corporal were Carlton Larson and Bruce Jensen, both of whom met the promotion board last week. They were given oral examinations on basic military subjects.

Their advancement carried with it assignment as assistant squad leaders.

The change in officer classification announced by Captain Johnson moved 1/Lt. George Anderson, formerly mess supply and transportation officer, to command of the first platoon; 1/Lt. Stephen Fraddo from executive officer to command of the second platoon; and 2/Lt. Eldred Sattlem from second platoon leader to executive officer. According to Johnson, the change in assignments was made in preparation for the large scale recruiting drive which will be inaugurated in January.

Also put into operation for the first time last week was the new Standard Operational Procedure for armory training. The new SOP consists of a series of work drills for the entire unit, assembly and inspection calls and periodic calls for officers. It is designed to abolish time waste in movement to classes and in training conferences between officers and non-commissioned officers.

The plan will achieve a greater decentralization of command, Captain Johnson pointed out.

## Hospital

Mrs. Minnie Lambeau, 206 N. 10th St., is a medical patient at St. Francis Hospital.

Mrs. Agnes Murray, who has been receiving medical treatment at St. Francis Hospital, was dismissed today and will remain at the home of her son-in-law and daughter, Mr. and Mrs. Fred Pinal, at Stephenson during her convalescence.

## Will Support Widow

LOS ANGELES (AP)—Mrs. Rose E. Herbert has been granted \$300 monthly support from the \$163,000 estate of comic Hugh Herbert, her divorced husband, who died March 12, bequeathing her only \$10,000.

The Motion Picture Relief Fund, which was given the residue, agreed yesterday to set aside \$72,000 to provide the support payments for 20 years or until her death.

More people get more news from newspapers than from all other sources combined.

## U. P. Road Program For 1952 Reviewed

Road projects completed on the state trunkline system during 1952 included the following work in the Upper Peninsula:

7.6 miles of grading-gravel surfacing on US-41 between Phoenix and Delaware in Keweenaw county; two miles of grading-gravel on M-26 from Greenland north in Ontonagon county; 5 miles of grading-gravel on M-94 east from US-41 in Marquette county; 2.2 miles of grading-gravel on M-177 from Newberry south in Luce county; 6.1 miles of grading-gravel on M-123 between Pictured Rocks and Cedarville in Mackinac county; 3 miles of grading-gravel on M-123 north of Eckerman in Chippewa county; 4.2 miles of grading-gravel on M-67 and M-94 in the vicinity of the villages of Trenary and Chatham in Alger county; and 10 miles of grading on M-23 west of Seney in Schoolcraft county.

Also the following bituminous surfacing jobs were completed on Upper Peninsula state trunklines during 1952: 11 miles on US-41 north of Rapid River and 7 miles on US-2 in the vicinity of Nahma Junction, both in Delta county; 3 miles on US-2 in Mackinac and Schoolcraft counties; 5 1/2 miles on US-2 west of Escanaba, 6.4 miles on M-35 between Perkins and Trembley in Delta county, and 5 miles on M-134 from M-129 easterly toward Detour in Mackinac county.

**Projects For 1953**  
Among the larger road construction jobs on state trunklines in the Upper Peninsula, which are under construction or under contract for early construction and completion in 1953, are the following:

53 miles of bituminous surfacing on M-203, M-26, and US-41 in Keweenaw and Houghton counties; 10 miles of bituminous concrete on M-69, US-141 and US-2 in Iron county; 6 miles of grading and concrete pavement on US-41 from Chassell north, and 2.6 miles of grading and bituminous concrete on M-26 in Laurium and south to Lake Linden, all in Houghton county; 3.2 miles of grading and concrete pavement on the M28-US41 relocation from east of Champion to Humbolt, and 0.715 mile of stabilized aggregate surfacing on M-95 from US-41 north, all in Marquette county; 37 1/2 miles of bituminous resurfacing on US-41 and M-35 in Marquette county.

6.7 miles of grading and aggregate surfacing from Mohawk to Phoenix on US-41 and M-26 in Keweenaw county; 6.7 miles of grading

and stabilized surfacing on M-48 and M-129 from Pictured Rocks to Cedarville in Chippewa county; 26 miles of bituminous aggregate surfacing on M-134 in Mackinac and Chippewa counties; 8 miles of grading and concrete pavement on M-35 from 2 1/2 miles north of south county line northeasterly in Delta county, and 10 miles of stabilized aggregate surface on M-28 from the Alger county line east in Schoolcraft county.

### Bridge Projects in U. P.

Bridge construction projects completed on state trunkline highways in the Upper Peninsula during 1952 include the following:

M-26 over east and west branches of the Firesteel river near Mass in Ontonagon county; M-28 over Commencement creek, 9 miles west of Walsh in Schoolcraft county; over Teaspoon creek, 1.8 mile south of Dollarville in Luce county, and over Creighton creek, 15 1/2 miles west of Seney in Schoolcraft county; M-35 over the Cedar river at the village of Cedar River in Menominee county; on U. Big creek and Cherry creek, 4.3 and 2.7 miles southeast of Marquette; M-64 over Potato river; 3.7 miles southwest of Ontonagon; and M-94 over Slapneck creek, 1.6 miles west of the town of Forest Lake in Alger county.

At the close of 1952, the following bridge projects were under construction in 1953 on state trunklines in the Upper Peninsula:

M-28 relocation over Walsh creek, 11.0 miles west of Seney; US-41 and M-26 over Gratiot river, 3.4 miles north of Mohawk; M-67 over Scotts creek in Trenary; M-77 over the Fox river 4.4 miles north of Seney; M-134 (relocation) over Nuns creek, 7.0 miles west of Hessel; and M-203, two bridges, one over Boston creek, and the other over St. Johnson creek northwest of Hancock (two structures).

## Briefly Told

**Salvation Army Social**—A young people's Christmas social is being planned at the Salvation Army headquarters for tomorrow, Wednesday, at 8 p. m. After a musical program two films, "The Way of the Wild" and "The Story of a Main Street Merchant", will be shown. Refreshments will conclude the event. Also in plan is a Watch Service Wednesday night beginning at 11 p. m. and conducted by Capt. Louis Thompson.

## Kiwanians Hear About Word War

Truthful propaganda, spread behind enemy lines in leaflets and radio broadcasts, is the backbone of the psychological warfare in Korea, Escanaba Kiwanis club members were told Monday in an address by Capt. Dan Sheeran, who is attached to the office of the chief of psychological warfare of the army at the Pentagon in Washington.

Capt. Sheeran, member of the local club, formerly with radio station WDBC at Escanaba, emphasized that America's use of the word war in combat areas relies only on facts, in contrast to "the big lie" technique used formerly by the Nazis and now by the Communists. Leaflets dropped in bomb shells and radio broadcasts beamed by the Voice of America are regarded as a support weapon for combat infantry, the speaker pointed out, and such propaganda can not stand alone without a show of force.

The aim of psychological warfare is to get the enemy disgruntled, Capt. Sheeran said, and good results are being reported on the Korean front, where 35 percent of the enemy troops surrendering are credited to the word warfare. Even old-time army men, slow to

adopt new ideas, are being won over to the importance of the propaganda attacks in conserving lives and bullets, Sheeran declared. In Korea, specially trained combat crews set up loud speaker units near enemy lines, and planes circle over Red trenches broadcasting the Voice of America message in the language of the enemy.

"Psychological warfare is playing hob with the Reds in Korea," Capt. Sheeran remarked.

The speaker outlined briefly the training courses given in the psychological warfare division, which first started with a seven-weeks course at Fort Riley, Kansas, and now turns out carefully screened specialists in a 12-weeks course at Fort Bragg, North Carolina.

Capt. Sheeran was introduced by Manley Anderson, program chairman for the day. Newly-elected officers of the Kiwanis club were inducted by Walter Dickson, district lieutenant governor. Harold Gasman succeeds Rudolph Erickson as president of the club. Other officers include: Art Aronson, first vice president; Albin Carlson, second vice presi-

## New Practical Nursing Class Will Start Soon

Delta County women, 18 and over, who wish to enroll for the practical nursing class starting in mid-February at Marquette are asked to contact Sister M. Roberta at St. Francis hospital not later than Jan. 15.

High school education is not necessary to enroll for the course, conducted under auspices of the state department of nursing education.

In two preceding classes, about 50 Upper Michigan women completed training, and of these seven now are on the staff of St. Francis hospital here. Eight from the Escanaba area completed the

dent; Clarence Zerbel, secretary-treasurer.

Fred Johnson introduced the new board of directors, which included: Lowell Hebbard, Arvo Hendrickson, Jess Pomazal, William Winkler, Thaxter Shaw, Jack Eden and Nyal Witham.

## INCOME TAX SERVICE

It is not too early to start thinking about your Income Tax Return for 1952. If you need help with any of your figures before you come in to have your report prepared, just phone me or drop in my office and talk over your particular situation.

## Editorials—

### Volume Of Indecent Literature Is Big Social Problem In U. S.

A special congressional committee, reporting that an "incredible volume" of filthy literature is flooding the nation's newsstands, has called on the publishers to clean house before an enraged public demands that the industry be regulated by the government.

That there is an incredible volume of obscene literature being published and distributed is readily apparent to anyone who makes even a casual observation at the newsstands.

Pornography has become big business in

America. The committee reported that obscenity is being printed in such volume that it is forcing decent literature from the newsstands.

The problem is a serious one. Indecent literature is causing great social harm in this country. The best answer is not in government censorship but it is certain that unless the publishers voluntarily clean their own house, the government will do it.

The committee found that about 80% of the pornographic literature being distributed in this country comes from seven publishing firms.

Here are some of the pertinent comments taken from the committee's report, showing the menace created by this filth: "The exaltation of passion above principle and the identification of lust with love are so prevalent that the casual reader of such 'literature' might easily conclude that all married persons are habitually adulterous and all teen agers completely devoid of any sex inhibitions."

"Not only are some of these books filled with sordid, filthy statements based upon sexual deviations and perversions, but in some instances they go so far as to advocate polygamy."

"Some books expatiate upon homosexuality. Other paper bound books dwell at length on narcotics and in such a way as to present inducements for susceptible readers to become addicts out of sheer curiosity."

The distribution of this filthy literature is uninterrupted despite the fact that every state in the union, except New Mexico, have antiobscenity laws.

It is obvious that such laws are being wholly ignored, without the slightest pretense of enforcement.

## Nation's Schools

### Caught In Squeeze

THE American people are carrying the highest tax burdens in their history. They are supporting the biggest peacetime defense effort and lending heavy assistance to others parts of the free world. So this is no time to scold them for not digging deeper into their pocketbooks.

Yet some of their domestic problems soon will be getting seriously out of hand if more funds are not directed toward meeting them. The deteriorating condition of U. S. highways, frequently remarked upon, is one such problem. Another is the declining physical adequacy and educational quality of the nation's schools.

Not long ago a commission of top educators examined the financing difficulties of the colleges and universities. Its report was bleak. Now the New York Times has completed another college survey and its findings are no rosier.

One of every three liberal arts colleges—as distinguished from technical and other special institutions—is running in the red. This ratio is higher among the small independent schools, which are harder hit all the way. Even schools partly supported by religious groups are having trouble.

But red ink is far from the story. Schools are reducing their teaching staffs. Some have begun to lower academic standards to keep going at all. In other words, the financial pressures, fought off for so long, at last are starting to be felt by students in the shape of poorer education.

How long can we countenance a developing degradation of educational standards? Proudly the experts tell us these days that we are enjoying the highest standards of living we have ever known. It is indeed comforting that our stomachs are so well cared for. It is reassuring also that we can provide the defenses to keep us secure.

But what about the minds of our young leaders of tomorrow? Our civilization will not in the end amount to much if we are content merely to live the lives of well-protected vegetables.

Our colleges are the fountain of learning. Here the unknown is explored, and here the fruit of exploration is passed on to the young people who later will try to guide their country to ever higher destiny.

With all our tax burdens, we had better give some pretty hard thought to this before we stand by and watch our crucial educational standards slide further. We are playing with our country's, and perhaps the world's future.

## UNCLE EF

With the head of the Plumbers' union established as Secretary of Labor, Arch Nearbrite hopes Mr. Durkin won't have to have as many assistants and helpers standing around to hand him tools as the union rules require to repair a busted pipe.

### The Doctor Says... 'Slow' Child Should Be Studied For Way To Fit Him For Life

By EDWIN P. JORDAN, M.D. — Written for NEA Service

Each year many parents come to the reluctant conclusion that one of their children is "slow." Perhaps the youngster does not learn to talk as soon as others of the same age, or shows some other unmistakable signs of retarded mental development.

This is a tragic situation to be in, but such parents should realize that about one person in every hundred is mentally deficient, so they have company, and the problem should be faced and the best possible solution worked out.

The first thing to recognize is that mental development of children at different ages can be measured by fairly reliable tests. The common term for the results of these tests is the "I. Q.", which stands for intelligence quotient.

This is a measure of the child's ability to learn rather than of what the child actually knows. The difference of a few points, however, does not mean much. Also, there are several kinds of such tests and the "scoring" of them is not always the same.

The "I. Q." is figured by dividing the mental age as calculated by one of the intelligence tests in common use by the actual age of the child in years, and multiplying the result by 100. Thus, if a six-year-old child has a mental age of three, the intelligence quotient would be expressed as 50.

If the "I. Q." is far below normal, the child must be considered a true idiot and cannot be educated in school subjects; such children usually are best cared for in an institution. The next lowest group are imbeciles, who can learn to perform simple household duties but do not go far in school subjects.

Above these two low groups are the less seriously retarded children who can often be taught to support themselves in simple occupations, but are not likely to go beyond the elementary grades of school.

#### I. Q. CAN'T BE RAISED

It is not possible to drill or train a youngster with a low "I. Q." into a definitely higher group. Neither can this be done by punishment or praise. This may be a hard thing for parents to realize, but it should be faced.

Parents of mentally retarded children can save themselves and their children much grief by consulting school supervisors, qualified physicians, or mental health experts concerning the future which may be expected for their children and what they can do about it.

Some retarded children can go farther than others, and all should be studied to find out what is the best way to raise them and how they can be fitted to take part in life to the highest degree which their abilities allow.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—When General Eisenhower first asked George Humphrey, head of the giant M. A. Hanna holding corporation, to become secretary of the treasury, Humphrey told him that he wouldn't be able to take the job for more than two years.

"Well, that's all right," replied Eisenhower, "but you wouldn't leave me in the middle of a crisis, would you?"

"No," laughed Humphrey, "I would leave before the crisis arrived."

"If you're that smart," concluded Eisenhower, "I certainly want you on my team."

#### HOT MAINE POTATO

The Ike administrationites have had a hot potato dumped in their lap in the form of contrite, humble Owen Brewster, the defeated GOP senator from Maine, one-time vigorous opponent of Eisenhower.

Brewster, who has lived in the nation's capital for something like a quarter of a century, now doesn't want to go back to Maine. He wants to stay here and be a part of the Ike administration. Specifically he wants to be assistant secretary of state.

To this end, the retiring senator from Maine has been on the phone getting the support of old friends, and has sent word to the man who defeated him, Senator-elect Fred Payne, that he, Brewster, would retire from the Senate on Dec. 31, thus giving Payne a chance to step in and get seniority ahead of other new senators—provided Payne, in turn, would endorse him to be assistant secretary of state.

Faced with this supplication from the retiring senator from Maine, the Brownell boys—who are handling Ike's jobs—dumped the hot potato into the Senate's lap. In brief they told Brewster to get the support of Senator Margaret Chase Smith, whom he once tried to defeat, and Payne, who defeated him.

#### DURKIN WAS DIFFERENT

This procedure was exactly the opposite of what Brownell did in the appointment of Martin Durkin as secretary of labor. In that case, not only was Taft not consulted, but Everett Dirksen, Republican senator from Illinois, from which state Durkin comes, was not consulted.

Reason No. 1 For dumping the hot potato is that Brewster has become known as the Senate spokesman of Dictator Franco; also the spokesman of Pan American Airways; and a Senate probe actually revealed that he had been mixed up in tapping the telephone wires of Howard Hughes of Trans World Airlines on behalf of competing Pan American Airways.

Reason No. 2 For being coy about Brewster is that he was vigorously for Taft, and is credited with attempting to smear Eisenhower as "Stalin's stooge."

This smear was first printed by the partisan Republicans of California. Later at a meeting at the home of Senator Brewster, Ralph Masterson, chairman of Maine's Republican state committee, proposed that the smear be mailed throughout the state, with OP state funds used for mailing it.

As a result Senator Margaret Smith went on a state-wide radio network to denounce the "Stalin's stooge" smear and vigorously defended Eisenhower.

Later also, Brewster made a statement that he knew nothing about the smear; claimed he was out of the room when Masterson, during the meeting in Brewster's home, proposed that it be distributed.

All of which leads Eisenhower advisers to figure that though the state of Maine raises a lot of potatoes, this is the hottest one ever dumped in their laps.

#### WASHINGTON PIPELINE

V. K. Krishna Menon, Indian ambassador to the U. N., has been interviewed by expert newsmen, has participated in vital U. N. debates. But it took two college students to make headlines with his real views on the U. S. and Korea. Helen Jean Rogers, a graduate of Catholic University and Elmer Paul Brock of La Salle College, were the two who quizzed Menon so thoroughly on Ruth Hagy's junior press conference TV program that U. S. Ambassador Chester Bowles protested to the Indian government against Menon's remarks.

He stated that the United States was sabotaging the Korean peace . . . Menon had hoped to succeed Nehru as prime minister of India, but this should puncture that ambition . . . The Czechoslovak legation has just bought twelve short-wave radio sets at \$480 apiece. They can tune in on Prague easily . . . The lobbyists are dusting off their pocketbooks and preparing to wine and dine congressmen again. Far-sighted Charlie Holman, champion of the cow, has even picked the advance date of May 7 for a dinner for congressmen aimed at curbing the oleo producers.

Four persons were injured in a head-on collision on highway US-141 Monday morning. The driver of one car attempted to pass another and the collision resulted. It was clearly a case of taking a chance in which the driver either misjudged his clearance distance or the visibility was poor and he did not see the approaching car. In any event, he took a chance.

Six persons were hurt in a similar accident in Dodge county Sunday morning, a five-year old girl suffering leg fractures and the wife of one of the drivers a fractured jaw and other severe injuries. It was another head-on collision that resulted from a driver attempting to pass another car.

## Into The Past

#### 10 YEARS AGO

Lansing—Local draft boards may start now the reclassification of married registrants who have no children, preparatory to calling them in March for military duty.

Escanaba—No agreement was reached in last night's meeting at City Hall, considered a final effort to mediate the current wage dispute between the city and union employees of the State, County and Municipal Employees-AFL.

Escanaba—Stephen L. Garber is expected to arrive Friday to assume his duties as secretary of the Escanaba Chamber of Commerce.

Gladstone—The Gladstone police department yesterday issued a warning against operating autos on the ice of Bay de Noc.

#### 30 YEARS AGO

Escanaba—Rev. Karl J. Hammar, pastor of the Central Methodist Church, has announced a music program to be presented in the church Sunday night.

Escanaba—An acetylene torch ended the usefulness of a large still discovered by officers in a raid on a house in the county. The still was an efficient piece of equipment.

Manistique—Miss Gay Taylor, daughter of Mrs. Walter Ottosen, has received high honors in graduating from a nurses training school in Toronto.

Gladstone—Adolph Wickstrom played Santa Claus at the Kronan Lodge party at the Legion Hall.

Great men build our railroads—and probably gave credit to their early training.

## "I Cover the Waterfront"

### Lost Chord Found:

## Rehabilitation Teacher Finds Way To Teach Piano To Handicapped

By JACK P. GABRIEL

NEW YORK — (NEA) — Many people have trouble learning to play the piano with ten fingers. But Eve Vivian Welbourne, a pianist and teacher, teaches handicapped people to play the piano with only two fingers, or by merely using their knuckles, and give the effect of a full sounding piano.

"It is not a system for use in therapy," explains the attractive, auburn-haired inventor. "I want these people to use it because they want to play the piano, and not because they are merely trying to keep occupied."

As a successful music teacher, Mrs. Welbourne, wife of a New York businessman, weaned of the orthodox methods of teaching. She sold her music school which had been a lucrative business. After a few months as a housewife, she weaned of that, too. Then, one day as she idled at the piano . . .

"I was trying a system of playing chords with one finger. I'd never given it any thought and the idea just occurred to me," she recalls.

Since chords require a three-finger position, Mrs. Welbourne became fascinated with her attempts to play them with one finger of her left hand and carrying the melody with one finger of the right. By playing the three chord-notes in succession, rather than simultaneously, the chords fitted into the melodic pattern almost as well as if played with three fingers.

In that moment, a new idea was born; one so simple that it had never before been utilized.

That evening, to test her theory, she played some selections on the piano to her husband who was unaware of the method she was using. He thought she was playing as usual.

To put her revolutionary theory into practice, she went to New York's Hospital for Rehabilitation and explained her method. It was not snapped up eagerly. However, a pupil was provided; a

HANDICAPPED MUSIC: At New York's Hospital for Rehabilitation, Eve Vivian Welbourne teaches David Beebe how to play the piano through revolutionary method she developed for cripples.

young man who had lost the use of his hands in a spinal injury. After the second lesson, he could pick out a tune with both hands.

"I do not want to work with pupils who don't actually enjoy music," Mrs. Welbourne says. "If they don't feel that practicing is fun while they are learning, I can't help them advance in their studies."

For those with no fingers at all, the use of knuckles alone is sufficient. There is always a stub of one sort on the stump of a fist, and this is sufficient to press down the keys. A pupil must have muscular, or motor, control of either the wrist, forearm, or arm

Without it they lack rhythm, and without that no one can play any musical instrument.

Arthritics whose hands are crippled and bent find the new method helpful to them. Those whose fingers won't bend can turn their hands sideways to the keys and strike them with a chopping motion, thus producing the same sound as with two fingers.

"When pupils have learned to play the chords in a one-two-three movement, instead of three-in-one," explains the youthful teacher, "the proper use of the pedal magnifies and extends the sound, and gives the effect of using all of the keys."

## Soviet Purge May Star Three In Witness Roles

By LEON DENNEN

FRANKFURT—(NEA)—Russia's MVD in East Germany is preparing a new purge trial in which Britain's long-missing diplomats, Donald MacLean and Guy Burgess, may be assigned key witness roles. German Cominform sources report.

The trial is expected to follow the pattern set by the Soviet secret police in the recent Prague trial which condemned 11 top Czechs to death ostensibly for anti-Stalinist heresy. A galaxy of former or present German Communist dignitaries is already being groomed by the MVD as leading defendants.

Heading the list of defendants is ex-Polish member Paul Merker. But there are persistent rumors in Cominform circles that Merker will share the spotlight with East German propaganda chief Gerhart Eisler, once Stalin's No. 1 agent in the U. S.

In a printed "confession," Eisler was recently forced to acknowledge disloyalty to Stalin in 1927 and 1928—a capital crime behind the Iron Curtain which eventually leads to the gallows.

MacLean and Burgess once held high posts in the British Foreign Office. Like Noel Field, former U. S. State Department official, they disappeared without a trace behind the Iron Curtain over a year ago. They were also suspected of secret Soviet connections.

Eisler has had a long and bizarre career as a Stalinist. He was once dubbed Moscow's chief agent in the U. S. by the House Un-American Activities Committee.

He was sentenced to a year in jail and fined \$1000 in 1949 for refusing to be sworn as a witness before the committee. He jumped bail and fled the U. S. on the Po-

lish liner Batory after filing an appeal.

Eisler's disgrace has long been rumored among German Communists. An intimate friend of Field and Andre Simone, one of the Czech Reds recently hanged, his downfall became imminent after the "confessions" at the Prague trial. Together with Simone, Eisler headed Moscow's wartime subversive activities in the U. S. and Mexico.

The recent Prague "confessions" are expected to set in motion a new series of Communist purges in the western parties of the Cominform, including "spy" trials in Poland, Rumania and other satellite countries.

There were strong anti-Semitic overtones at Prague and Nazi-type anti-Semitism may figure prominently in the forthcoming Red trials. But the real purges are likely to be directed against satellite leaders suspected of Western or Titoist sympathies or who have been on the wrong side of recent internal Russian struggles.

## Good Evening...

By CLINT DUNATHAN

THE YEAR ENDS—Newspapers have a habit of going back over the year about this time and picking out the most important news-making events in their community and in the nation.

We intend to tell you about the stories that didn't hit page one, the stories that were never reported until now, the happenings that died before they were really born.

There was, for example, the story of Mrs. Glutch, a fine old lady, mother of 16 children, who had slaved her way as a scrubwoman through the years to send all of her children through colleges and universities. She looked just like Mrs. Whistler, mother of the famous painter.

She was nominated as "The Mother of the Year" and went to New York City. The judges selected to decide who should be crowned "The Mother of the Year" smiled at Mrs. Glutch and awarded the crown to Mrs. Rosamond Slum, a young blonde with bathing suit curves and one child.

Mrs. Glutch is still scrubbing floors in the municipal building at Tesh.

FOR ART'S SAKE—Then there was the news photographer who saw a clothesline, six stockings on the line, and six cute puppies underneath the clothesline.

He picked up the puppies and placed them in the stockings and jotted in his notebook the title: "Out for An Airing." Then he turned around and walked away without taking a picture.

THE WINNER—Another picture that never received attention was a fine work of an art by an unknown painter who was young and fresh and just out of art school. Although he had no reputation in the world of art he entered his painting in a national contest.

The committee of noted art critics placed his picture near the center of the exhibit. Then they pinned a blue ribbon on the work of a famous surrealist. Our talented young friend did not even receive an honorable mention.

LOST AND FOUND—Joe Blow was snoveling his sidewalk last December 30th and lost a diamond ring valued at \$1,235.43.

One year later to the day—Dec. 30, 1952—there was a fall of snow and Joe got out the shovel. He started at the porch and cleared the walks in front and then shoveled around to the back porch.

Suddenly his eye was attracted by a flash of brilliance on the ground at the edge of the walk. He stooped over and picked up a piece of metal foil from a Lucky Strike package and then threw it away.

GREAT DISCOVERY—Another story the newspapers missed was the one about Sylvia Slugs, whose boy friend served in the war (Philippine Insurrection) and sent her a rare Ming vase.

The boy friend died in the flu epidemic of 1918 and Miss Slugs kept the vase as a memento of her lost love. It graced her bookcase for many years until one day, while she was polishing her Ming, it slipped from her hands and crashed to the floor.

No, it did not break but out of it spilled a number of items she had not seen for three decades—one bent safety pin, a frayed three cent stamp and an odd assortment of dust. She put the vase back on the bookcase.

WITHOUT HELP—Then there was the story of the shabby little old lady who lived alone in a tiny apartment, barely scraping together enough money to eke out a living.

But when she became ill from undernourishment, what do you think the neighbors discovered?

That she didn't have even a crust of bread or a cent of money in the house. They looked under the rugs, behind pictures, and rummaged in an old chest. It was true—she was broke.

## Power With Words

By Dr. C. E. Funk

It has seemed to me that the citation, "Bravery beyond the call of duty," should sometimes read, "Courage beyond the call of duty." The two qualities are not identical, although they are often loosely used as if they were.

The clue to the difference is that bravery and bravado are closely related. Tifft is, both come from Italian bravo, savage, fierce, wild, bold, and both indicate a kind of daring or wild boldness which in the case of bravado is also arrogant. We think of a brave man as one who is audacious, impetuous, and sometimes imprudent, often given more to an outward show of stout-heartedness than actually possessing that quality. The meaning is somewhat reflected in the term brave applied to an Indian in token of his apparel, rather than of his deeds.

Courage, coming from Latin cor, heart, is a deeper quality. While bravery has been said to depend upon physical temperament, courage depends upon reason. Bravery has been described as almost an instinctive reaction in the face of a danger, practically daring without thought; courage is fearlessness in the face of thought. A man shows courage in proportion to the degree that he reasons or reflects. It is a sustaining power at all times and under all circumstances.

Bravery is the quality that enables a man to stand firm in the face of fearful odds, a quality that in the hour of danger sustains him and urges him on. One may have bravery without courage and courage without bravery. In the excitement of battle a man may display great bravery against a foe, but he might faint in a dentist's chair, or his blood curdle at the hooting of an owl. The man of courage, if need arose, face a surgeon's knife without an anesthetic, and he would always smile at imaginary dangers, ready to meet those that are real.

In a Southern town, on account of the shortage of water, men were asked not to shave on a certain Monday. We'll bet it seemed like Sunday.

## Prosperity Is Expected To Continue For 1953

WASHINGTON—The business outlook here is for the happiest, most prosperous New Year on record.

Times are booming. People are earning more than ever before in America's history. Almost everybody who can work has a job.

And it looks like a real business-boom, not just a defense-spending boom. For defense spending is below expectations.

The big question, of course, is how long will prosperity last. Are we about to plunge into another depression? A good many economists, including those in the Chamber of Commerce of the United States, look for prosperity to last through next year, unless there are major developments in foreign affairs, particularly Korea. Even then, no major recession looms.

On the other hand, there are some who argue the boom can't last. That we're in for another "bust."

### Depressions Not Inevitable

U. S. Chamber of Commerce economists take a different view. They believe that depressions are not inevitable; that both business and government have learned a lot since the thirties about licking the boom and bust fiascos. They have learned counter-measures. They are less likely to be caught napping if business begins to drop.

Government, naturally, is a major force in resisting depressions. By purchasing its own bonds from the public it can pour money into circulation. Through loans, or the guarantee of loans, government can make it easier for business to borrow money for working capital or investment in new plants and equipment. Or, by means of its controls over banks, government can reduce reserve requirements so that banks can loan with more freedom. Experience during the last depression has shown how these controls can be used more effectively.

New factors are the Securities and Exchange Commission and the Federal Deposit Insurance Corporation. With its tight controls over market speculation, SEC can prevent one of the evils leading to the last depression. And citizens' bank savings now are insured up to 10,000 by FDIC.

### More Pension Plans

Also new since the early thirties are the government old-age and unemployment insurance systems, providing a backlog of security against loss of income due to age or unemployment. And of

course, many business and industrial firms have begun pension plans since the thirties, providing additional insurance against hard times.

Finally, there is a brighter outlook for trade, another important item in the prosperity picture.

For its part, business is better prepared for a depression than it was back in '29. It has learned much about management. And it has a far bigger, more versatile research plant for the creation of new products when the sale of products already on the market begins to drop. Products which meet basic needs resist depression. This is not speculation. Refrigerator, electric washing machine and radio sales, for example, held up well during the bleakest days of the thirties.

Today, many, many new products are on the drawing boards or ready for market. A refrigerator which makes up to 300 ice cubes per day without trays is on its way to the customers. A big chocolate firm has just introduced a versatile cookie mix which can be used for dozens of different cookies. A St. Paul firm is developing magnetic tape which will record television programs the way radio programs now are recorded. Taped television would be clearer than filmed and much cheaper since tape can be erased and re-used.

These new products mean new jobs, and new jobs mean continued prosperity.

Further, business has a new sense of responsibility. It is less likely to begin major lay-offs and wage reductions in the face of a little adversity. Less likely to panic. It is far more likely to look around for new ways to maintain production than to sit back and do nothing.

### Good Roads Campaign

This isn't speculation either. During recent years several individual industries have gone through a kind of recession and are starting to pull out. Textiles is one. Paper is another. The jewelry business was in trouble in 1946 and 1947 and made the necessary adjustments each time.

Another example of forward-looking management is the auto industry's campaign to promote good roads. You might think that auto makers would prefer bad roads which ruin autos so that new cars could be sold more readily. But the automobile and allied industries believe that the money motorists would save because of better driving conditions would

**OH, TEACHER!** — Nell Owen, above, of Dallas, Tex., is the nation's "Prettiest Teacher," according to judges of a radio contest who screened 6500 photos entered by listeners to the sponsoring program. Nell, who teaches dramatics and voice classes at the James B. Bonham school in Dallas, received an all-expense paid tour to Hollywood as a prize.

go into new fields, new industries. Thus new markets are created.

Finally, there are new developments in foreign trade. Here too, business has looked ahead. Since the last war, Europe has been a poor customer. So American business is investing its dollars in Canada and Latin America where resources still are unlimited.

These are the reasons why the Chamber of Commerce of the United States looks for lasting prosperity. We have the government and private pension plans, the unemployment insurance to cushion us against recession. We have the vast resources developed by science. The new, more foresighted, more confident management which has developed over the years. And we have been developing new and richer foreign markets.

## Rockets Soon To Go So High They Will Never Come Back

By ELTON C. FAY  
AP Military Affairs Reporter

WASHINGTON (AP) — American rocket experts and military scientists are moving closer to the time when they can fire a missile so high it will never return to earth.

The latest hint of this step toward the eventual development of an experimental satellite to move around the earth as does the moon came in a recent address by Secretary of the Air Force Finletter.

The secretary said he foresees the development of rocket engines producing 500,000 pounds of thrust. With such a propelling force, he estimated, a speed of 20,000 miles an hour will be reached. The altitudes reached by such rockets "will, of course, take them out into space," he added.

This estimate was somewhat under the 25,000 miles an hour which many scientists estimate will be required to accelerate a rocket to the point where momentum would carry it across the boundary of earth's gravity.

The first objective in creation of an unmanned, artificial satellite would be to provide an eye-in-the-sky with which to watch what happened anywhere in the Northern Hemisphere as the satellite orbited around the earth. A kind of camera linked electronically to the earth would serve as the eye, scientists say.

While scientists think they have solved many of the major engi-

neering projects for getting an artificial satellite aloft and on station in space, it would cost big money. Estimates range from three to five billion dollars for even a comparatively modest unmanned satellite.

But the building of a test missile to prove whether an object can be fired into space presumably will cost considerably less. It probably is much nearer attainment.

### Nahma

Mr. and Mrs. William Gobert of Gladstone spent Christmas with the Ed Sheedlo family.

In running 100 yards, a sprinter exerts enough energy to lift himself 270 feet into the air, according to the Encyclopedia Britannica.

### Perkins

Holiday guests at the home of Mrs. C. J. LeClaire were Mr. and Mrs. E. P. LeClaire of Bay View, Robert LeClaire, S. S. of Green Cove Springs, Fla., Mr. and Mrs. Dona LeClaire and family of Rock, Lionel LeClaire, Chicago, Miss Maurie McDonald of Gladstone, Fred and Donna LeClaire of Rock and Miss Mary LeClaire of Escanaba.

Mr. and Mrs. Gus Kline Jr. and daughter Ann spent Christmas day with relatives in Iron Mountain.

Miss Margaret Tuskan of Powers spent several days with her parents, Mr. and Mrs. Matt Tuskan.

Miss Theresa DeGrand returned to Escanaba after a holiday visit with her parents, Mr. and Mrs. Jules DeGrand, St. Nicholas. Eugene Trudell of Crystal Falls is spending the holidays with his grandparents, Mr. and Mrs. William Trudell.

Mrs. Edgar Jones returned to her home in Detroit after a five week visit with her son-in-law and daughter, Mr. and Mrs. Paul DeGrand, St. Nicholas. Pvt. George Neurohr of San

Marcos AFB, Tex., is spending a 17-day leave with his parents, Mr. and Mrs. Fred Neurohr Sr., Brampton.

### Number Of Women Graduates Increases

BRUSSELS (AP)—The number of women university graduates rose by 179 per cent from 1937 to 1947 in Belgium, according to the Belgian National Institute of Statistics.

The 1937 total of 1,596 women graduates jumped to 4,458 in 1947. Men graduates only took a 25 per cent step upwards from 41,620 in 1937 to 51,243 in 1947. The total number of graduates increased in these 10 years by 12,485, rising from 43,216 to 55,701. Only 525 of the 1947 graduates said that they were unemployed.

In Boston, Mass., Summer Street runs into Winter Street.

### Tribesmen Help Red Terrorists

BOMBAY (AP) — Aboriginal tribesmen wielding bows and arrows have lined up behind Communist terrorist leaders less than 100 miles from this modern city.

When the tribesmen demanded increased wages for cutting hay recently, employers imported laborers from adjacent areas. That started a wave of Red-led violence which police are still trying to halt.

## Committee May Ask Acheson About Red Hunting Grand Jury

WASHINGTON (AP)—A House committee today pushed its search for government interference with a Red-hunting grand jury in New York amid indications it might question Secretary of State Acheson.

The secretary's name figured yesterday as members of the jury testified. The committee heard from five jurors: Joseph P. Kelly, Joseph A. Cahill, Charles J. Harmany, Corinne L. Geist and Max M. Zimmerman.

They told about calling approximately 100 U. S. citizens employed by the U. N. and questioning them about their loyalty or Communist affiliations.

About half of the witnesses refused to answer their questions.

## Racket Brothers Are Investigated

WASHINGTON (AP)—A congressional subcommittee today demanded from Atty. Gen. McGranery "all the circumstances" of the immigration and naturalization of the Anastasia brothers—Albert, Anthony, Joseph and Gerardo.

All four are waterfront figures in New York.

Chairman Walter (D-Pa.) of a House judiciary subcommittee investigating immigration said in a statement he wrote McGranery that the four brothers originally entered the U. S. illegally by jumping ship and "have subsequently through various procedures, obtained a readjustment of their immigration status to that of permanent residents."

Albert Anastasia has often been described as a major figure in Murder, Inc., reputedly a kill-for-pay mob which operated in Brooklyn in the 1930s.

He refused to answer many questions when he was questioned recently by the New York Crime Commission during its investigation of the New York waterfront.

"What surprises this committee (the House group)," Walter wrote McGranery, "is the fact that according to information now available, all four of them the Anastasias had extensive criminal records before they were admitted for permanent residence and had allegedly committed certain crimes between the time of their admission and their naturalization."

## Personals

Mrs. Dorothy Anderson returned Sunday to East Lansing, where she is studying music at Michigan State College, after spending a holiday visit at the home of her parents, Mr. and Mrs. Owen Boyle, 311 N. 13th St.

## Science Attempts To Build Usable Hydrogen Weapon

(Continued From Page One)

down to ordinary bomb bay size. They might just build one into a heavy bomber, equip the plane with remote controls for guidance from a "mother" plane and use the plane-bomb combination as a form of guided missile. The expense of the plane would be fractional to the expense of the bomb.

The government has never stated officially the cost of standard atomic bombs. The original yardstick of two billion dollars for the first atomic bomb figured in the cost of development, building the big plants to process uranium ore and other factors. Hydrogen bomb costs would be much greater, at any rate, than the cost of A-bombs.

**Cities Not Targets**

Speculation that a hydrogen bomb could be "a thousand times" more powerful than an A-bomb has produced argument about the need for such super-size explosions. Because thinking presently is oriented to the possibility of war with Russia, the bombs are measured by some in relation to the size of targets in Russia and in the United States. One school of thought holds that in an H-bomb war, Russia would have the advantage because there are many more and bigger cities in the United States than in Russia.

The coldly practical exponent of strategic warfare doesn't buy this idea. He doesn't think cities, as such, are logical targets. He wants (and this is the basis for the theory of retaliatory bombing of Russia if she starts war) to hit and destroy the enemy's war-making resources. He contends those resources are airfields from which long-range bombing attacks could be launched against the United States; manufacturing complexes dispersed over perhaps a hundred square miles of countryside; large and widely dispersed parking areas for bombers or fighters or tanks.

**Stockpiles Secret**

## Bangs For Hairdo Heads Prediction Parade For 1953

By DOROTHY ROE  
AP Women's Editor

Since this is the season for retrospect and forecast, I will join the parade and predict for 1953...

That bangs will be the most popular hairdo of the year.

That a number of baby girls will be named Mamie, and lots of baby boys will be called Ike.

That just plain Americanism will become fashionable, and that parlor pinks will seem a little out of date.

### Clooney Bathing Suit

That there will be a Marilyn Monroe sweater and a Rosemary Clooney bathing suit.

That an increasing number of jalousies will be decorated with the words "Little Mo" and that all feminine teen-age skaters will try to look like Barbara Ann Scott.

That Vivien Kellems will declare an armistice with Uncle Sam's income tax collectors and will become a television star.

That Oleta Culp Hobby will set the millinery trend for 1953, and that Ivy Priest will inspire several thousand college girls to major in economics.

### America Still Best

That tiaras will be worn by 1953 debutantes, with a bow to Queen Elizabeth, though the common garden variety will be made up at home from such rhinestone and pearl necklaces as happen to be at hand.

That coronation white will be the color of the year, closely followed by Mamie blue.

That the new girl favorites of TV will be wholesome, Betty Furness types, with modest necklines and well-modulated voices, suitable to well-bred U. S. living rooms.

That America still will be the best place in the world in which to live and enjoy it.

## Hyde

HYDE — A family reunion was held at the home of Mr. and Mrs. Louis Johnson Christmas Eve to honor Carl Johnson, Louis' father. Movies were shown by Robert Muther and Christmas gifts were presented the guest of honor. Those present were Mr. and Mrs. Harry Johnson, and Buddy and Junior, Mr. and Mrs. Andrew Lindquist, and Nancy, Mr. and Mrs. Earl Polmster and Dickie, Bonnie and Marilyn, Mrs. Faye Bingmann and Sheryl, Judith, Donna, Jerry and Freddie, of Escanaba; Mr. and Mrs. James F. Johnson and sons, Jimmy and Carl, of Bark River; Miss Marianne Lindquist of Milwaukee, Miss Patsy Lindquist of Chicago, Mr. and Mrs. Lloyd Johnson of Danforth, Mr. and Mrs. Louis Johnson and Blanch and Rochert and Mr. and Mrs. James L. Johnson and Pamela.

Mr. and Mrs. Fred Patrick of Detroit are spending the holidays with Mr. and Mrs. George Patrick.

Mr. and Mrs. Carl Dietrich and daughter of Gwinn visited at the home of Mr. and Mrs. Clarence Dietrich and other relatives for the Christmas holidays.

Miss Rose Dietrich, student at NMCE in Marquette, is spending the holidays with her mother.

William Blake of Oconomowoc, Wis., is spending the holidays with his brother and sister and other relatives and friends here.

Miss Lucille Blake of Milwaukee is spending the holidays with members of her family and relatives and friends.

Mr. and Mrs. Charles Sperka and children of Chicago are spending the holidays at their cottage. While here they are visiting with their parents and relatives and friends.

If you have a curved blade grapefruit knife in your kitchen let it serve double duty by using it to remove the seed pods from green peppers.

THE ENGAGEMENT of their daughter, Peggy, to Donald J. Carlson is announced by Mr. and Mrs. Bernard Dwyer of 308 S. 16th St. Miss Dwyer is with the United States Air Force Personnel Office in Washington, D. C. Her fiancé, a son of Mr. and Mrs. Ivan Carlson, 529 S. 16th St., is a Cadet-Midshipman at Kingspoint, N. Y. The date of the wedding has not been set.

## Isabella

ISABELLA — Mr. and Mrs. Mike Hienze returned to Big Bay after a visit at the home of her parents, Mr. and Mrs. George Mayo.

Cpl. and Mrs. Kenneth Peterson and son Wayne left Saturday for Roswell, N. M., after a visit here. Enroute they planned to visit in Chicago with Dr. and Mrs. N. Kent Ellis, uncle and aunt of Cpl. Peterson.

Mr. and Mrs. Raymond Nedeau left Monday for Ann Arbor where Mrs. Nedeau will enter the University Hospital for surgery.

Mrs. Ruth Holmquist, Miss Elda Holmquist and Lt. Howard W. Holmquist spent Christmas week in Superior and Duluth at the homes of Mr. and Mrs. Ben Gallenger and Mr. and Mrs. Russell Bellenger.

Mrs. Victor Chandonais of Manistique was a Sunday guest of Mrs. Pete Forslund.

Mr. and Mrs. Algot Segerstrom and sons Kenneth and Richard have returned from Ontonagon where they visited their son, Gordon, and members of his family.

Miss Arlene Bonifas has returned from Lake Linden where she visited the past month with her sister, Melba Dupuis.

Miss Lenore Mattila of Calumet is the house guest of Miss Arlene Bonifas.

Pete Forslund has returned to White Pine where he is employed after spending Christmas with his family.

A meeting of the auditing committee of Bethany Lutheran Church and the Ladies' Aid Society will be held at the church Monday, Jan. 5, at 8 p. m. Elected officers are to be present.

Mr. and Mrs. William Bilgen and Mr. and Mrs. Neale Olmstead and daughter Paula returned to Detroit Sunday after visiting at Wedome Acres Farm, home of Mr. and Mrs. Nick Bonifas.

Ted Sundin had the misfortune of losing one of his young milch cows.

### Party For Guests

Mr. and Mrs. Harvey Sundin

## Escanaba Woman's Club Charity Ball Successful Party

The Escanaba Woman's Club annual Charity Ball, held last evening at Terrace Gardens was a colorful and highly successful affair with well over one hundred couples dancing to the music of Tony Papa's Band.

Feature numbers of the dance program were the grand march led by Mrs. John Anthony, president of the club, and Mr. Anthony, and the waltz contest in which Mrs. William F. Shepeck and Dr. Louis P. Groos were adjudged the winners.

The buffet table was unusually attractive with its Christmas cloth of red and silver. A figurine of a deer formed the centerpiece and poinsettias completed the decorative theme.

Proceeds of the annual party will be used in the welfare work of the philanthropic committee of the club.

Mrs. Stanley Lundberg and Mrs. George Grenholm were co-chairmen of the ball, assisted by a large number of club women on various committees.

entertained at an evening party honoring Corporal and Mrs. Kenneth Peterson of Roswell, N. M. Games were followed by refreshments. Attending were Mr. and Mrs. John Moberg of Detroit, Mrs. John Wood and son Donald Green and Mrs. Laura Nystrom of Manistique, Mr. and Mrs. Al Asplund and son Darrell of Cundard, Mrs. Ruth Holmquist of Escanaba, Miss Edla Holmquist of Oakland, Calif., Lt. Howard W. Holmquist of Waco, Tex. and the junior Arvid Sundins.

## Trenary

TRENARY—Helen Metakel, a student at the University of Michigan, is home from Ann Arbor visiting her uncle and aunt, Mr. and Mrs. Frank Praznik.

Maxine Raab, a student at NMCE, Marquette, is at home for the holiday recess.

Frank Hawthorne has returned to Milwaukee after a visit with his sister, Mrs. Lena Slambo.

Mr. and Mrs. Francis Couchon have returned to Sheppard, Mich., after a visit at the Albert Couchon home.

Mr. and Mrs. John Knaus and Jonelle returned from a visit with Mrs. Knaus' parents, Mr. and Mrs. Jesse Waite in Iron River.

Mr. and Mrs. John Nicks and John and Margie of Manton, Mich., visited here during the weekend.

Mr. and Mrs. William Buckholtz and Bruce and Rhonda returned from Chicago where they visited Mrs. Buckholtz's parents, Mr. and Mrs. George Tatman.

## Church Events

Christian Science Churches  
That one should always look to God for guidance and protection is emphasized in the Lesson-Sermon on the subject "God" to be read in all Christian Science churches on Sunday, Jan. 4.

Home League Program  
The Salvation Army Home League Christmas program will be held this evening at 8 at the Temple, 112 N. 15th St. The Rev. K. J. Samuelson will be the speaker and Mrs. Pearl St. Clair, piano soloist. Refreshments will be served.

Salvation Army  
The Salvation Army Young People's Society will have its Christmas program New Year's Eve at 8 at the Temple. The party will be followed by a Watch-night service at 11 with Capt. Louis Thompson in charge.

Bark River Program  
A New Year's Eve program will be held at the Bark River Salem Lutheran Church, beginning at 9 A. fellowship program will be held in the church parlors, followed by refreshments. At 11 services will be held in the church.

Salem Lutheran Services  
Divine service with Holy Communion will be held at Salem Lutheran Church, Escanaba, the Rev. William F. Lutz, pastor, New Year's Eve at 7:30. A festival worship will be held New Year's Day at 10 a. m.

Soo Hill Aid  
The Union Ladies' Aid of Soo Hill will meet Wednesday, Dec. 31, at 2 p. m. at the home of Mrs. Louis Buehler, instead of this coming week.

New Year's Eve Service  
Mrs. Arnold Engstrand, minister, musician and singer, will conduct a special New Year's Eve service at the United Hall Wednesday evening at 7:45. Rev. Engstrand is a pastor of a church in North Dakota.

The program will include singing and a sermon by Rev. Engstrand, and there will be time allotted for prayer and testimony from the audience. The public is invited.

Mrs. Engstrand also will be guest speaker at the regular Sunday evening evangelistic service of the Full Gospel Assembly on Jan. 4 at 8 p. m., Douglas Bloom, pastor, has announced.

## Chilean Visitor Rotary Speaker

The press, periodicals and movies are largely responsible for the misconceptions which we have of our South American neighbors and which they have about us, Rotarians were told Monday noon by Miss Chelita Andrada, instructor of Spanish at the University of Iowa, a holiday guest at the home of the Percy Camerons.

Before coming to the United States five years ago, Miss Andrada's idea of what this nation was like was based on stories of Hollywood and Chicago which had been played up in the Chilean press. After being here she found that our citizens had gained wrong impressions of her homeland from the manner in which the press and magazines, including Life and Time, played up the sensational news of the day, not providing a true over-all picture.

Tourists who make a quick visit to South American countries and then presume to qualify as authorities also are to blame for some of the false ideas we have of South America, Miss Andrada said.

To provide an idea of how little of factual nature is published about Chile, her homeland, in this nation, the speaker said that when she was preparing a paper about her native land the only source which provided a true picture was a Walt Disney comic book.

**Exchange Students**

As a solution to the problem, Miss Andrada suggested exchange students. And they should not go to the large colleges and live on the campus, she said, but attend a small school and live, if possible, with some family so they learn something of the American way of life.

The speaker said that many youths of wealthy families come to this country, attend large schools, live on the campus and along with students of this nation are unconfined and do many things they would never think of doing were their parents around.

"There is fun in life in the United States, particularly in small towns," the speaker said, and she spoke in glowing terms of visits to various cities and towns, particularly to Gladstone.

Before leaving Chile, Miss Andrada said she thought that her country was the finest in the world, but she does not have the same idea now. "The best five years of my life have been spent in your country," she declared.

Chile has made rapid strides in the last century and today there are five universities in the country, hundreds of women take law and medicine and countless others work in offices and factories. Buildings and transportation is modern. Whereas in the past, students from South America usually went to Europe for education, today they come to the United States she stated.

Work of Rotary International in building international good will was lauded by the speaker.

August K. Altse, Detroit, was a guest of the club.

## Pair Fined After Auto Collision

William Krouth jr., Perkins and Ed Swanson, Brampton, appeared in the court of Justice of Peace A. T. Sohlberg yesterday after having been involved in an auto accident Sunday at the north hill.

Krouth was assessed \$12 while Swanson paid \$6 on traffic counts. Arrests were made by city police.

## Briefly Told

**Masonic Lodge** — A regular meeting of Gladstone Lodge 396, F & A M., is to be held Thursday evening at 7:30 in the lodge hall. A full attendance is desired by the officers.

## Engaged To Peer

LONDON (AP) — The New York socialite who founded the wartime "Bundles for Britain" campaign—Mrs. Natalie Wales Paine—today announced her engagement to a Scottish peer and member of Parliament.

The attractive 43-year-old widow said she will be married to Lord Malcolm Douglas Hamilton next month. She met him when he was in America on a lecture tour four years ago.

One South American fish uses natural bifocals, the upper half of the eyes being kept out of water to see in air and the lower half with a different focus being used under water.

## Many Churches Plan New Year's Services

In many churches of Gladstone special services are being arranged to mark the New Year. In several instances Watch Night services are planned.

At the First Baptist church, Rev. K. J. Samuelson announces plans for the annual business meeting of the church Wednesday evening at 7:30. Serving of refreshments will follow. Watch Night services will be conducted beginning at 11 that evening.

Watch Night services also will be held in the Mission Covenant church Wednesday evening. The Fellowship group will be in charge from 9:30 to 10:30. From 10:30 to 11:40 those attending will gather in the church parlors for a social and refreshments, the latter to be served by the Ladies' Aid. At 11:40 they will return to the sanctuary for the Watch service which is to be conducted by Rev. Rudolph Johnson. It will conclude about 12:05.

## Doctor Joins Local Clinic

Dr. Carl J. Olson, M. D., Dayton, Iowa, is now a member of the staff of the Kee-Dehlin clinic, it was announced at the clinic Monday.

Dr. Olson attended Purdue University and Iowa State College before enrolling in Northwestern University School of Medicine from which he was graduated in 1951. He interned at Blodgett Memorial Hospital at Grand Rapids. After serving his internship he practiced at Stanton in lower Michigan.

He is an ex-serviceman, having served in the U. S. Navy from 1944 to 1946.

Dr. Olson is married, his wife being the former Marilyn Molin of Escanaba, and they have one daughter, Kristin.

## Hockey Board Meets Tonight To Plan Season

A meeting of the Gladstone hockey board is to be held tonight at 8 at the Gladstone City Hall at which time further plans for the current season are to be discussed.

Members of the board are Jack VanBrooklin, Jim Rose, Neil Sinclair, Walter Lake and Gordon Haga.

Determining the seasons play and setting up a schedule for the practice rink which will be ready for use in a few days will be made items for consideration at the gathering.

## Co-Hi Group Will Have Yule Party

The Co-Hi of the Mission Covenant church is having its Christmas party tonight at 7:30 in the church parlors. The holiday gathering was originally scheduled for last week.

## Carnival

"This is her fourth wedding! I wish I could find out who's her agent!"

## Joyce Larson Is Bride Saturday At Holiday Wedding

A wedding of holiday interest was that of Miss Joyce Larson, daughter of Mr. and Mrs. Axel E. Larson, 915 Dakota avenue, City, and Gerald C. Onufrock, son of Mrs. Elsie Onufrock, 2851 W. Berwyn avenue, Chicago, which took place on Saturday evening at 7:30 in the First Baptist church. Rev. K. J. Samuelson, pastor, united the young couple in marriage.

Two Christmas trees with white lights and poinsettia plants formed the church decorations.

Don Aronson of Escanaba, organist played the bridal music and accompanied the soloist, Alton Harvey who sang "O Promise Me" before the ceremony and "I Love You" during the service. At the conclusion of the service as the bride couple knelt for the final service, Mr. Harvey sang "May Christ Be Seen in Me."

Mrs. Lillian Adlin, the bride's sister and Miss Lillian Nelson, dressed in green velvet floor length gowns, lit the candles for the ceremony. They carried bouquets of yellow mums centered with a candle and tied with knotted satin streamers. Candelabras decorated with holly were placed at the head of each pew.

The bride, given in marriage by her father, chose a bridal gown of white satin, designed with a satin

reception was held immediately after the ceremony in the church parlors.

When they return from a wedding trip to an undisclosed destination, they will reside at 1447 E. 73rd, Chicago, Ill.

Out of town guests attending were, Mr. and Mrs. Carl Hanson, Mr. and Mrs. Vern Hanson, Mr. and Mrs. John Swemer, Miss Delores Onufrock, John Onufrock, Mrs. Elsie Onufrock, Miss Lillian Nelson, Chicago; Miss Dawn Songdreggar, Muskegon; Bob Gunderson, Dick Smart, Mr. and Mrs. Sam Bergstrom, Mr. and Mrs. Ronald Bergstrom, Mr. and Mrs. Gunnard Wickman, Iron Mountain; Mr. and Mrs. Sisco, Roscommon; Robert Howell, Mr. and Mrs. John Kallmann, Detroit; Mrs. Stephen Stephanie, Omaha, Neb.; Mr. and Mrs. Gust Larson, Manistique.

Orange, grapefruit, and lemon trees are healthier and give bigger and better fruit if they are kept free of ants. Not that the ants harm the tree—they attack the natural enemies of some of the tree's worst pests.

## Gust Erickson Dies Suddenly

Gust Erickson, 73, a resident of Gladstone for the last half century, died at his home at 613 N. 8th St., yesterday afternoon about 4. Death was attributed to a heart attack brought on by over exertion earlier in the day when he and a neighbor pulled a fish shack to the bay.

Erickson was born in Finland and came to America and Gladstone about the turn of the century. During his active lifetime he was employed at the tie plant of the Chicago and Northwestern Railroad.

Surviving are his wife, Edla, a

daughter, Mrs. Hilding Johnson of Gladstone, and a step-son, Torval Ohman, Chicago. There also is a brother residing in his homeland.

The body was removed to the Kelley Funeral home. No arrangements have been made for the funeral.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends and relatives who by their kindness and sympathy aided and comforted us in the death of our beloved wife and mother. Especially do we thank Rev. Fr. Casimir Krusinski, the Polish National Catholic Church of Harris, Mich., those who sent spiritual bouquets and floral offerings and to all who otherwise aided and comforted us. Your kindly deeds will never be forgotten.

Signed:  
ANTON STEFANIAK,  
JOHN MCGRAW.  
9399-365-11

It is with a feeling of sincere gratitude that we take this means of expressing our deep appreciation and thanks to friends and relatives for their kindnesses shown us in the last illness and during the funeral of our beloved father. We are grateful for the floral offerings, spiritual bouquets, the glowing words of Rev. Fr. Conrad Suda, to those who offered the use of their cars, to the drivers, the pallbearers and to all others who aided in other ways. We thank you all.

Signed:  
THE FAMILY OF JACOB WELCH.  
9407-365-11

Our heartfelt thanks are extended to all who aided by acts of kindness and sympathy during the long illness and death of our beloved husband and father. We are especially grateful for the floral offerings and spiritual bouquets, to Rev. Fr. Thomas Dunlevy for his words of comfort, to the Holy Name Society, to the pallbearers, to those who donated cars and to the drivers. Your kindnesses will always be held in grateful remembrance.

Signed:  
MRS. EDITH POISSON,  
MR. AND MRS. RAY POISSON.

NOTICE OF ABANDONMENT AND ADOPTION

The adoption of the following resolution was moved by Commissioner Greene and was supported by Commissioner Norstrom.

WHEREAS Bruce Scoggins and twelve other residents of Ford River Township have petitioned this Board to move the present location of Local Road A-5 located on the line common to Sections 25 and 26 T 39 N R 24 W to the East 66 feet of the SW 1/4 of the SW 1/4 and the NW 1/4 of the SW 1/4 of said Section 25, and

WHEREAS all properties now served by present said road A-5 will be better served by the road in the new location; and

WHEREAS the road in the new location will be more easily and economically maintained; and

WHEREAS Mr. Bruce Scoggins will, as a condition of the petition, pay the entire cost of construction of the new road in order to consolidate his present farm; and

WHEREAS as a result of this work the properties owners served will realize a more graded and improved road at no expense to the taxpayers of this county.

THEREFORE BE IT RESOLVED: That Local Road A-5 be abandoned in its present location and adopted for a distance of 0.5 miles along the West 1/4 line of Section 25, T 39 N, R 24 W. Said abandonment not to be effective until physical completion of the new replacement.

I certify that the above resolution was adopted at the meeting of the Board of County Road Commissioners of the County of Delta, at its meeting held November 10, 1952.

WILLIAM J. KARAS,  
Deputy County Clerk.

We the members of the Ford River Township Board approve the above resolution.

**TOURNAMENT ACTION**—The Daily Press camera stops action in last night's Upper Peninsula Parochial basketball tournament games at the Bonifas gym. In the picture at the left St. Joe's Dave Hirn goes up in the air for a

one-hand push shot from the corner. In the left foreground of the picture is Francis Chaput of the Sacred Heart Rockets who lost by a 78-40 margin. St. Joe's Bob Sendenburgh (6) and

Dick Bryson (9) wait for the rebound. In the picture at the right St. Paul and St. Ambrose players scramble for the ball in a third-quarter action shot. St. Paul won a 71-61 decision and

will face St. Joe in the championship game tonight at 8:30. Sacred Heart and St. Ambrose tangle in the consolation game at 7. (Daily Press Photos)

## In This Corner

With Ray Crandall

We've got a sneaking suspicion that our reputation as a football and boxing prognosticator isn't too highly regarded hereabouts. All last fall we kept getting telephone calls running something like this: "Hey, Crandall, how you picking such and such a game Saturday?" We'd offer our choice with the modest suggestion that we could possibly be wrong (although not very likely). Always the same answer: "Yeah, yeah, well thanks a lot."

In spite of an unaccountable number of misses, the phone keeps ringing and nobody is complaining. That seems mighty nice of the boys and we're glad there are so many fellows interested in our selections. The same with the boxing followers. Just about every day somebody asks us who we're on in such and such a bout coming up. And we miss a few of those, too. Still no complaints.

So the other day when a friend calls and asks about the Kid Gavilan-Chuck Davey scrap coming in February we give him Davey. He says, "Thanks. Yeah, thanks a lot, that's all I wanted to know." Before he can hang up we query: "Hey, you off your rocker? Didn't you call for the winner of the Marciano-Matthews fight, and the Marciano-Walcott fight, and the Charles-Walcott fight and the Maximo-Robinson fight?" He mutters that he did call us on those fights, but says: "That's okay, I just want to know who you're picking. I don't do nothing 'til I find out who you're riding on. I've never had it so good before."

Now we won't swear to it, but we think these characters are laying a few bucks on the outcome of the sporting events. It could just be they're waiting for us to make our picks and then they go just the opposite. Brother, we'll fix them one of these days. One of these days we're going to pick a fighter to win that we really think is going to be the loser. And we ain't going to say anything to anybody about it. That'll fix 'em.

But just to show you that we don't think evil of anyone, here are a few hot selections for the near future. We're picking Davey to win the welterweight championship from Gavilan when and if the two meet. And on New Year's you'll hear Wisconsin teach Southern Cal a Rose Bowl lesson they won't soon forget. In the Sugar Bowl it's Georgia Tech over Mississippi, Tennessee over Texas in the Cotton Bowl and Alabama over Syracuse in the Orange Bowl.

### Heavy Schedule For Foxes Opens At Niagara Gym

HERMANVILLE—The Rodman's Bar Foxes begin a busy week of cage activity Tuesday night by travelling to Niagara to take on the Iron Mountain Zypheers.

On Friday night the Foxes return to Hermansville to meet the Wallace cage quint and on Saturday they travel to Escanaba to tackle Al's Tavern in a return engagement.

Sunday night the Foxes will be host to the Harlem Aces at the Community Center gym. Johnny Watts and his Aces, one of the top traveling teams in the business, will be at Niagara Sunday afternoon.

Also booked for their U. P. tour are games at Al's in Escanaba Thursday, Jan. 8, and stops at Negaunee, Ontonagon, Stambaugh, Munising, Rapid River, Stephenson Baraga and Eagle River, Wis.

### U. S. Netters Suffer Defeat

By GAYLE TALBOT

ADELAIDE, Australia (AP)—America's Davis Cup debacle became complete today when Vic Seixas and Tony Trabert collapsed under the fierce pressure applied by Ken McGregor and Frank Sedgman and lost the deciding doubles match by scores of 6-3, 6-4, 1-6, 6-4.

The blistering defeat will go down as one of the most on-sided in cup history.

Numerous times in the past teams have dropped the first three matches in the Challenge Round but research fails to uncover when one side was able to win only one set in two days.

Seixas and Trabert really never had a chance against the brilliant Aussie pair today. From the moment Trabert dropped his opening service to give the Aussies a 3-0 jump it was completely obvious to the capacity crowd of over 15,000 that they were sitting in on a slaughter.

For the second straight day McGregor played probably the most brilliant tennis of his career. He so dominated the court that there was no place for the Americans to go but out.

### Basketball

**COLLEGE SCORES**  
Oregon State 58, Stanford 45.  
Iowa 83, Wisconsin 66.  
Butler 67, Michigan 63.  
Ohio State 82, Northwestern 70.  
Louisville 84, Miami (Fla.) 74.  
Bradley 96, St. Mary's (Calif.) 59.  
Drake 79, Hamilton 71.  
Springfield, Mass., 63, Washington St. Louis 54.  
Chicago, Loyola 71, Loyola of Los Angeles 60.  
Milikin, Ill., 102, Illinois Normal 73.

### Wolves Return To Home Floor

ANN ARBOR (AP)—Michigan looked ahead grimly today to a return Big Ten basketball engagement with Indiana Saturday.

The Wolverines returned to their home floor last night after a tough four-game road trip that included an 88-60 loss to the Hoosiers. And the home floor was apparently no advantage to Michigan, which lost 67-63 to Butler University in a non-league game.

**1-3 In Big Ten**  
Michigan now carries a 3-4 overall record and a 1-3 mark in the conference.

There was little sign of encouragement in the Butler contest. Michigan trailed through three periods, outscored Butler in the final period, but fell short when two foul shots by guard Jim Crosley and one by forward Harry Porter nipped the rally in the last minute of the game.

**Center Fouls Out**  
Crosley paced Butler to its third win in seven games with 21 points, as regular center Ray Stewart fouled out with 8:40 to go. Michigan, with center Paul Groffsky throwing in 19 points, closed the gap to 64-63 on a long shot by forward Milt Mead. But the over-anxious Wolverines then committed the trio of fouls that cinched the game for Butler.

Michigan trailed 17-15 at the quarter, 35-33 at the half and with a poor 12-point third quarter, fell behind 54-45 before staging the late rally.

**Olympic Mitt Champ Wins 4th Pro Start**  
BROOKLYN (AP)—Floyd Patterson, an Olympic champion, made his fourth start as a pro boxer Monday night and knocked out Lulu Sabotin of Warren, Ohio, in the fifth round. The bout was carried on the Dumont TV network. Patterson 167½, had little trouble with Sabotin, 175.

# St. Joe, St. Paul Meet For Title

## U. P. Parochial School Tourney Ends Tonight

The defending champion St. Joe Trojans will face Negaunee St. Paul in the Upper Peninsula Parochial school basketball tournament finals at Bonifas gym tonight at 8:30.

Both teams scored easy semi-final victories last night, St. Paul turning in a torrid fourth period to pull away from St. Ambrose of

**FISHER INJURED**  
Baraga's star cager who was lost for tournament action because of a broken arm suffered Friday at National Mine is Jim Fisher, not Jim Dooley as named in yesterday's tourney story.

Ironwood 71-61, and St. Joe outclassing a game but small Laurium Sacred Heart quint, 78-40.

Last night's losers will meet in a consolation clash at 7 tonight to open the final tourney action.

St. Ambrose and St. Paul were locked in a tight first-half battle before the Emeralds of Coach Matt Vanni moved into high gear in the third and fourth periods.

**See-Saw Battle**  
St. Paul scored first with Jim Cronin flipping in a left hand push shot from the corner, but Coach Martin Erickson's Ramblers knotted it up moments later on a field goal by Grandelis.

It was see-saw from there on with the score tied five times in the first period which ended with St. Paul leading 14-12.

St. Ambrose battled back into the lead early in the second period and opened an 18-14 gap in the first three minutes. St. Paul's Bob Jandron fouled out late in the period and Cronin fired another corner shot to knot the count at 30-30 as the half ended.

The fast moving Emeralds exerted pressure late in the third frame after the teams were tied at 42-42. Cronin and Jim Kutchie scored on free throws and Don Beaupre connected on a field goal to give St. Paul a 46-42 edge going into the final quarter.

St. Ambrose stayed within three points until the midway mark in the fourth frame but 11 points by Cronin led St. Paul to a 25-point quarter and St. Ambrose faded. Three Ramblers fouled out in the fourth quarter.

**Cronin High Scorer**  
Cronin pelted the hoops with 25 points to set a tournament mark. He connected on nine field goals and seven of 11 free throws. Grandelis led St. Ambrose scoring with 16 while Rodney Bernardine contributed 14.

St. Paul registered 25 points from the free throw line while missing 11. The Ramblers hit on 19 of 41.

In the nighttime Trojan Bob Sendenburgh stole a leaf from the book of the Harlem Globetrotters and turned in one of the finest exhibitions of ball handling and passing ever seen at Bonifas gym.

The slender court ace brought spontaneous rounds of applause from the large crowd with his deceptive bullet passes to center Dick Bryson who had an easy time scoring 23 points for St. Joe. Dick Cass, lefthanded junior, tallied 12 while alternating with Bryson at the pivot post.

**Rockets Game**  
Sacred Heart was unable to match the Trojans in height and ability but the Rockets fought to the last whistle. Kenneth Oinas and Ray Venturino each scored 10 points for the losers.

The Trojans opened with a 15 point first period and stretched their lead to 38-17 at halftime. All eleven Trojans in uniform shared

## Hawks Entertain Portage Lake In Home Opener Friday Night

The Escanaba Hawks will make their first home Northern Michigan Hockey League stand Friday night at 9 against the defending champion Portage Lake Pioneers at the newly enlarged fairgrounds indoor rink.

Arrangements were made this morning with Tony Bukovich, Pioneer player-pilot, to hold the

game here Friday night instead of New Year's Eve as scheduled. The starting time has been moved back to 9 to accommodate Escanaba shoppers.

The Bukovich-studded Pioneers are smarting from a 5-4 upset defeat handed them by the scrappy Hawks Sunday on Calumet ice. They'll be at full strength for the

clash here and are certain to be all out for revenge.

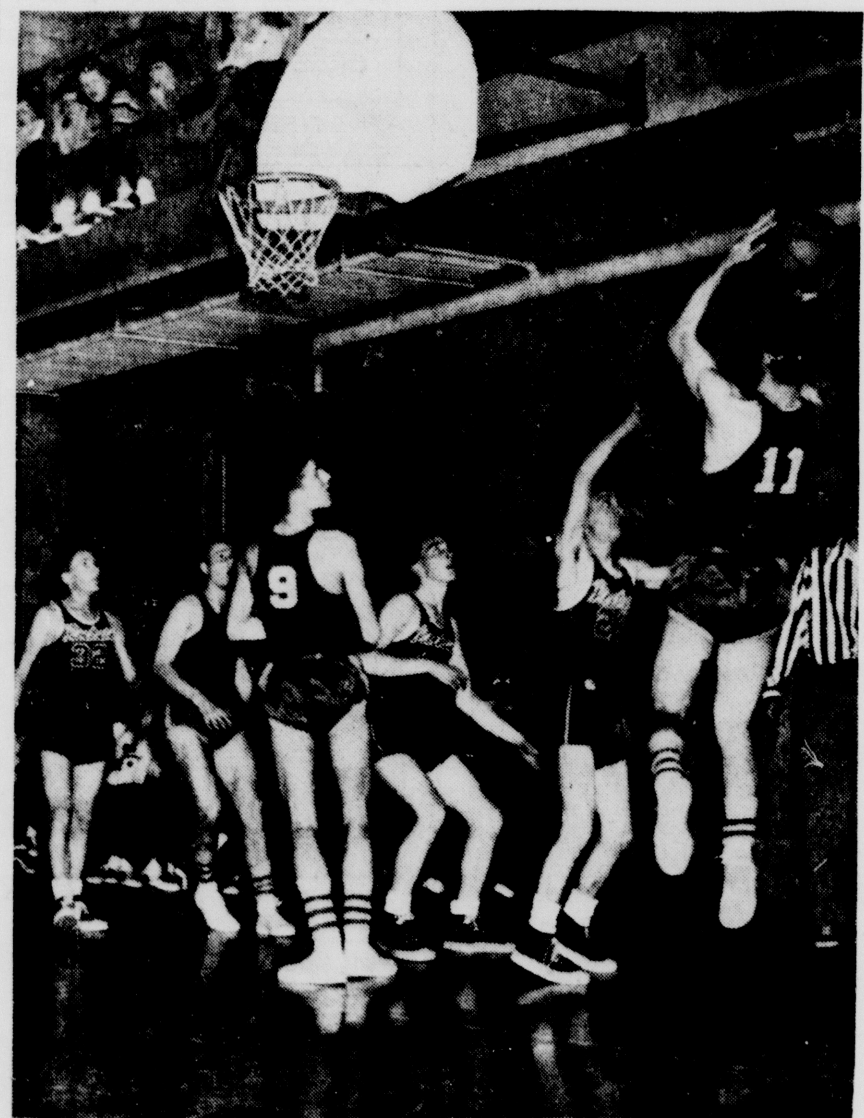

**Tickets Available**  
Tickets for the special booster contest are available at Gust Asp's.

The Hawks worked out in a two-hour practice session at the fairgrounds last night and are due for another session this evening. For the first time this season Escanaba will have three lines ready for action.

Two new faces may appear in the Hawks lineup. Joe Anthony of Marquette is getting a Hawk trial and Marvin Mayra, 19-year-old forward from Hancock, is due for his first workout with the Hawks tonight. He is a graduate of Copper Country intermediate hockey.

The Hawk defense may also be bolstered by the addition of Ed Broughton of Manistique Friday. Broughton has not played with the Hawks yet but may be available for the Hawk home stands.

**Full Strength**  
Ben Artwich of Stambaugh will

**JIM GRAVELLE**, St. Joe Trojan forward, takes off for a two-pointer in last night's Parochial tourney victory over Sacred Heart. Joe Lanfranki of Sacred Heart reaches up in an attempt to stop the shot. Trojan Dick Bryson (9) watches for the rebound. No. 32 at the deep left is Francis Murphy of Sacred Heart. Trojan Dave Hirn and Rocket Ken Oinas are also under the basket. St. Joe won the game 78-40. (Daily Press Photo)

### Top Cage Team Plays Tonight

KANSAS CITY (AP)—Kansas State, the nation's top ranking team, and the Kansas University Jayhawks will meet tonight for the championship in the Big Seven Conference's seventh pre-season basketball tournament.

Kansas State earned its third trip to the finals before a capacity crowd of more than 9,800 Monday night by beating the Yale University Bulldogs, 79-70. Yale is guest team in the meet.

Kansas turned on the heat in the closing minutes to out Missouri, 66-62.

Kansas State, which took over the No. 1 spot in The Associated Press poll this week, won the tournament in 1947 and again in 1950.

Afternoon games in the consolation bracket were scheduled between Oklahoma and Iowa State, and Nebraska and Colorado. Missouri and Yale will play for runner-up honors before tonight's championship game.

### Marana Scores 31 As Joe's Defeats Wallace By 74-73

HERMANVILLE—With Tuelio Marana pumping 31 points through the nets, Joe's Tavern defeated Wallace here 74-73 in a high scoring clash last night.

Joe's led all the way in the close contest. Odea led Wallace on the scoreboard with 21 points and VanCourt contributed 20.

**Box score:**  
**Joe's Tavern**  
S. Machalk ..... 4 1 2 9  
R. Fochesato ..... 1 1 3 3  
T. Machalk ..... 5 1 3 11

### DeSpirito Needs Four Winners For Record

MIAMI, Fla. (AP)—Apprentice jockey Tony DeSpirito goes after the all-time riding record today and needs only four winners to break it.

DeSpirito rode four winners in seven races at Tropical Park Monday to run his score to 385. Just three short of the record of 388 set 46 years ago.

He has mounts in five races on the nine-event program today and may get more before post time.

### FIGHTS LAST NIGHT

Brooklyn — Floyd Patterson, 167½, Brooklyn, knocked out Lulu Sabotin, 175, Warren, Ohio, 5.  
Milwaukee — Johnny Saxton, 148, New York, outpointed Danny Womber, 149½, Chicago, 10.  
Trenton, N. J. — George Johnson, 154½, Trenton, N. J., outpointed Sam Walker, 159, Springfield, Mass., 8.  
Chicago — Nate Huskey, 152, Detroit, and Enos Solomon, 158, Chicago, drew, 8.

# Name Kansas State Top Team In AP Cage Poll

NEW YORK (AP) — Kansas State took over first place in the Associated Press basketball poll today as La Salle of Philadelphia, upset by DePaul, skidded to third. Seton Hall moved up a notch to second. The top 10 generally underwent a good shaking up but there were only two new faces in the group—Tulsa, No. 8, and Minnesota, No. 9, who moved in to oust Louisiana State and North Carolina State.

LSU was soundly thrashed by Tulsa last week, 84-58, while N. C. State took an unexpected lacing from St. John's of Brooklyn, 67-56. Minnesota beat second-ranking Illinois, 77-73.

**Big Victory**

Kansas State's chief exploit of the week was a 93-69 triumph over Oklahoma. One hundred and one sportswriters and broadcasters, participating in the poll, were sufficiently impressed to move the Wildcats from fifth to first place and give them 512 points.

Seton Hall had 507 points and La Salle 381.

Here's how the new top 10 stacks up: Kansas State, Seton Hall, Salle, Illinois, Washington, Holy Cross, Oklahoma A&M, Tulsa, Minnesota and Western Kentucky.

**Illini Slip**

Illinois fell from second to fourth as a result of its defeat by Minnesota. Washington, twice winner St. Louis, climbed from seventh to fifth. Holy Cross dropped two notches to sixth.

The rankings are based on games through last Saturday night and do not include last night's contests.

Kansas State won its sixth game in seven starts by trimming Yale, 79-70, in the Big Seven Tournament at Kansas City last night.

The leaders:

1. Kansas State, 11 ..... 512
2. Seton Hall, 13 ..... 507
3. La Salle, 10 ..... 381

## North And South Grid Squads Settle Down For Senior Bowl Tilt

MOBILE, Ala. (AP) — Opposing North and South squad football stars settled down to full-scale two-a-day workouts today in preparation for next Saturday's annual Senior Bowl game here.

Maryland's Jack Scarbath, a hero of the North-South Miami game last Saturday, will match his throwing arm against North squadman Charley Maloy, Holy Cross' passing quarterback.

Maloy is vying to go after sitting out the East-West game in San Francisco. He said he thought Coach Biggie Munn was right in not using him, since Tom O'Connell of Illinois sparked the East to a 21-20 win.

## Iowa, Ohio State Post Vital Wins

CHICAGO (AP) — Sensational scoring by Deacon Davis and Paul Ebert gave Iowa and Ohio State impressive Big Ten basketball victories Monday night.

Davis pumped in 30 points to lead the Hawkeyes over Wisconsin 83-66 at Iowa City. Iowa took a 38-29 halftime lead.

Paul Morrow, who netted 27 points, guided the Badgers to within five points of catching up with five minutes remaining. But Iowa burst ahead again for its second conference victory in four games. The league defeat was Wisconsin's second in three starts.

**Gets 30 Points**

Ohio State trimmed Northwestern at Columbus, 82-70 with Ebert flicking in 30 points.

The Wildcats, trailing only 33-29 at the half, fell apart completely when their 6-8 center, Frank Petrancsek, fouled out midway through the third period. Petrancsek bagged only six points.

Ebert, 6-4 center, hit 11 baskets in 28 attempts and eight free tosses in 15 tries.

Ohio State now has a 1-1 record while Northwestern is last with 0-2.

Butler surprised Michigan 67-63 in a non-league engagement at Ann Arbor. Sophomore Paul Groffsky topped the Wolverines with 19 points but Butler's Jim Crosley took scoring honors with 21.

## Lions Coach Parker May Lose Assistant

DETROIT (AP) — The National Football League championship may cost the Detroit Lions the No. 2 man on their coaching staff.

Sports circles here report that George Wilson, top-ranking aide to Coach Buddy Parker of the Lions, will become head coach of Baltimore qualifies for a berth in the National Football League.

Wilson's only comment was: "I am very happy since I came to Detroit four years ago."

Coach Parker's comment was: "George is a very valuable coach and I would hate to lose him."

**Coach Buddy Parker** will, of course, handle the Lions, but there is a good chance a collegiate coach from 70 miles away, Biggie Munn of Michigan State will be handling the all-stars.

**Two Unbeaten Seasons**

Munn's Spartans ended up the 1952 season as nation's No. 1 collegiate outfit, after finishing behind Tennessee in 1951. In neither season were Munn's Spartans defeated.

While Munn's MSC gladiators were all but grabbing the No. 1 rating a year ago, Parker's Lions lost the National Football League title in the last four minutes of the last game.

Arch Wood, sports editor of The Chicago Tribune, will choose the all-star coach. Munn didn't hurt his chances by directing the East to a 21-20 victory over the West in the annual Shrine game at San Francisco Saturday.

## Manhattan Quint Puts Win Streak On Tourney Line

NEW YORK (AP) — Unbeaten Manhattan College puts its six-game winning streak on the line tonight against unheralded Utah State in the windup of the holiday basketball festival at Madison Square Garden.

The tripleheader gets underway with Miami of Ohio meeting De Paul for third place. The consolation final between La Salle and New York University is scheduled to precede the Manhattan-Utah State fray.

Manhattan earned its way into the final by beating DePaul, 73-64, Monday night. Utah State edged Miami, 79-78, Monday afternoon.

La Salle, last season's national invitation winner, downed Cincinnati, 86-81, and won a 77-63 victory over St. John's in the consolation bracket Monday.

Bobby Layne, Detroit Lion quarterback, disproves the theory that professional signal-callers handle only passing chores. Layne is the 1952 Lions second leading ground gainer, behind halfback Bob Hoerschmeyer.

## Badger Coach Gives Southern Cal Edge

PASADENA, Calif. (AP) — The man who will guide Wisconsin in the Rose Bowl New Year's Day, Coach Ivan B. Ivy Williamson, today he thinks the Trojans of Southern California rate the edge accorded them by the experts in pre-game calculations.

Southern California's coach, Jess Hill, sticks to another view. He feels this clash between the co-champions of the Big Ten and his coast conference titleholders is "strictly even."

**"Better Record"**

Williamson bases his belief mainly on the ground that "USC has a more impressive record than we have"—nine straight victories, including such victims as Northwestern, Army, California and UCLA, and one defeat, by Notre Dame, in the season's wind-up.

"And," Williamson remarked, "the possible absence of our left halfback Harland Carl, makes a definite difference."

Williamson isn't quite sure, he said, what Carl's status will be at kickoff time (4 p. m. CST) Thursday. He has named alternate halfback Bill Hutchinson to lead off against the Trojans.

**Often Absent**

Carl's absence will not be unique. He was in and out with a knee injury all season and did not play at all against UCLA, Indiana and Northwestern, and on only three plays against Rice. Wisconsin won all but the UCLA game.

In 56 carries, Carl ran for 432 yards for an average of 7.4 yards. West Coast football writers got their first view of the Badgers in practice Monday. The team wore no pads and heavy work was not on the schedule.

## Winter Parking Now In Effect

Winter parking regulations in Manistique became legally enforceable Saturday with the erection of signs at five city highway entrances, it is reported by H. W. Heideman, city manager.

The signs, required by state law, announce that the provisions of a winter parking ordinance are in effect in the city during the months of December, January, February and March between 2 and 7 a. m. daily.

The signs were placed by the city at both US-2 entrances, the M-94 entrance and east and west old US-2 entrances.

An amendment to the city traffic ordinance was recently adopted by the City Council providing for not more than one-half hour parking between 8 and 7 p. m. during the four months of normal snowfall. The amendment also confers on the city the right to remove any vehicle violating the ordinance and to charge the expense of the removal to the owner.

WED RECENTLY — Miss Violet Steinkamp, daughter of Mrs. Pauline Steinkamp, 118 S. Houghton Ave., became the bride recently of James Arthur Almquist, of Rock Island, Ill., son of Rev. and Mrs. Arthur W. Almquist, of Manos, Texas, at a ceremony performed in the Zion Lutheran Church. The newlyweds will make their home in Rock Island. (Linderth Photo)

## New Officials To Take Office

Two new county officials, elected at the general election in November, will take over the duties of their offices in Schoolcraft County Jan. 1.

They are John S. Faketty, judge of probate, who succeeds Ralph H. Merwin, and John M. Hewitt, who is successor to his son, Howard, in the office of sheriff.

A former sheriff for many years, John M. Hewitt has served as deputy during the past year.

Re-elected county officials who will begin new terms in January are:

Laura A. Williams, county treasurer; G. Leslie Bouschor, county clerk and register of deeds; William J. Sheahan, prosecuting attorney; Edward V. Jackson and Robert Broullire, coroners; John I. Bellaire, drain commissioner; Carl Christensen, county surveyor; and George Wood, circuit court commissioner.

John S. Wilde, appointed county road commissioner in October, will also take over his duties the first of the year. He succeeds Harold McNamara.

Two members of the Schoolcraft Memorial Hospital Board of Trustees, reappointed by the board of supervisors in October, also begin new six-year terms Jan. 1. They are Fred D. Helman and Omer J. Schuster.

County officials whose terms began last October are William Phillion, state-appointed member of the County Board of Social Welfare, and Daniel J. Harrington, Roy Roberts and C. L. Smith, members of the County Board of Canvassers. Phillion was named to a three-year term and the county canvassers serve two years.

HERE FOR HOLIDAYS — A/2c Kathleen M. New has arrived to spend the holidays here with her parents, Mr. and Mrs. Joseph C. New, 163 Cedar St.

Since her graduation in Sept. from Oklahoma A-M College, Airman New has been stationed at Wright-Patterson Air Force Base, Dayton, O., where she is secretary in the office of the commanding general.

Her promotion to A/2c (corporal) was made just prior to her holiday leave.

## City Briefs

Word was received yesterday that Mrs. Louis Laumbard, of Flint, the former Mabel Muhlthaupt, of Manistique, is critically ill at her home. Her brother, Edward, left for Flint last night.

A. W. Heitman, Range St., arrived Saturday from Waukesha, Wis., where he spent Christmas with relatives. Prior to the holidays he was a patient of the Mayo Clinic in Rochester, Minn., for several weeks.

Mr. and Mrs. Wm. J. Shinar, 219 Walnut St., returned Saturday from Kalamazoo where they spent Christmas with their son and daughter-in-law and family, Mr. and Mrs. David Shinar.

Mr. and Mrs. Dave Cooper, 514 Arbutus Ave., have returned from Milwaukee where they spent the Christmas holidays with their son-in-law and daughter, Mr. and Mrs. Raymond Bunda, and their son and daughter-in-law and family, Mr. and Mrs. Bill Cooper.

Dr. and Mrs. D. B. Nicholson and two children, Donna Beth and Bruce, of Cincinnati, O., spent the Christmas holidays here with Dr. Nicholson's parents, Mr. and Mrs. George J. Nicholson, Lake and Main Sts.

Mr. and Mrs. J. S. Wilde, Arbutus Ave., have returned after spending about 10-days in Romulus visiting her parents, Mr. and Mrs. Albert Front.

Miss Ann Marie Sheahan, a student at Michigan State College, East Lansing, is spending the holidays at the home of her parents, Mr. and Mrs. William J. Sheahan, Range St. She recently returned from Pontiac, where she attended the wedding of Miss Janet Eloise Adams, daughter of Chief Justice of the Michigan Supreme Court and Mrs. Clark J. Adams, of Pontiac. Both Mr. and Mrs. Merring are students at Michigan State College.

Mr. and Mrs. Kenneth Carlson and two daughters have returned to their home in St. Paul, Minn., after visiting here with her parents, Rev. and Mrs. Harold Martinson, 118 E. Elk St.

Mr. and Mrs. Arthur Allen and son, Terry, have arrived from La-Crosse, Wis., to spend a few days visiting here with his parents, Mr. and Mrs. Arthur Allen, Delta Ave., before returning to Grayling.

Miss Nadine Westin left today for Chicago, where she will spend a few days visiting friends before returning to St. Paul, Minn., to resume her studies at the University of Minnesota.

Mrs. Norman Brown, 711 Michigan Ave., is convalescing at her home after being a patient at the Schoolcraft Memorial Hospital.

Miss Betty Burns, of Detroit, is visiting here at the home of Mr. and Mrs. Donald MacLean, 103 Arbutus Ave.

Mr. and Mrs. Glen Riley, 183 River St., spent the Christmas holidays with relatives in Marquette.

## Bishop Page Will Hold Communion At St. Alban's Church

The Rt. Rev. Herman R. Page, of Marquette, bishop of the diocese of northern Michigan, will be celebrant and preacher at a communion service Sunday, Jan. 4, at St. Alban's Episcopal Church here, it is announced by George Drew, lay minister.

The service is scheduled for 11 a. m.

## To Burn Yule Trees Jan. 6

Plans have been completed for the annual burning of Manistique's discarded Christmas trees on Tuesday evening, Jan. 6, it was reported yesterday by H. W. Heideman, city manager.

The burning will also mark the observance of Twelfth Night, the anniversary of the visit of the Three Wise Men to the Christ Child.

Trees will be collected by city trucks on Jan. 5 on the eastside and on Jan. 6 on the westside.

Local residents are requested to place discarded trees at curbs in front of their homes to facilitate collection.

Trees will again be burned in a huge bonfire in Central Park under the supervision of city firemen.

## Obituary

**PATRICK FAGAN**

Funeral services for Patrick Fagan, who died yesterday morning, will be held at 9 a. m. tomorrow from St. Francis de Sales Church. Burial will be made in Fairview cemetery.

Rosary will be recited at the Messier-Broullire Funeral Home at 8:30 tonight.

Indian railways, the fourth largest system in the world, will celebrate its hundredth birthday next April. Starting with a 21-mile line in April 1853 it has now grown to 34,000 route miles, topped only by the U. S., Canada and Russia. An international railroad conference will mark the centenary.

# Physical For Draftee Like Dancing Conga Line In Slow Motion

(Second of three articles giving a first-hand account of what happens to a draftee at an induction center.)

By RAY HENRY

WASHINGTON (AP)—Taking a physical examination as a draftee is like dancing in a conga line—slow motion. It's done in single file and has a peculiar sort of rhythm. X-ray to blood test to eye chart.

The big difference is that at the end of the exam a doctor asks you how you feel and whether you've got any complaints.

With 197 draftees, I recently was examined at the Alexandria, Va., induction center, across the Potomac from Washington.

Tag Around Neck  
At roll call we were handed three

## Red Guns Hit 21 U. S. Warships

TOKYO (AP)—Communist gunfire hit 21 U. S. Navy ships off Korea in 1952, the Navy said in a year-end report. Sixteen officers and men were killed and 55 wounded by the Red attacks.

The only ship lost during the year was the tug Sarsi, which hit a mine in August. Three crew members were killed, two are missing and four were wounded.

The Navy said its planes and warships maintained an "absolute blockade of the enemy coastline" while hammering Red targets along the coast and far inland.

In August and September, the Navy launched its first guided missile fired against North Korean targets. The pilotless planes were escorted to the target by "mother" planes from U. S. aircraft carriers.

The year-end summary noted these two developments in the spring of 1952. The full force of Communist anti-aircraft fire was felt for the first time, and the wide use of helicopters in evacuating wounded Allied soldiers from the front to hospital ships was started.

Listed as destroyed by Navy planes and warships during the year were 13,425 Communist buildings, 943 bridges, 24 factories, 771 gun positions, 1,915 sampans and other small craft, 344 machine-gun and mortar positions, 15 tanks, 35 ammunition dumps and 592 warehouses.

## Argentine Diplomat In Japan 74 Years

TOKYO (AP)—A 92-year-old Argentine diplomat was homeward bound today after celebrating his 74th Christmas in Japan.

Antonio T. de Souza left yesterday from Yokohama aboard the ship Panama Maru for Argentina.

De Souza first came to Japan in 1878 to be with his father, then in business in Tokyo. He joined the Hong Kong Shanghai Bank and later became Argentine consul general at Hong Kong. He later worked as an adviser in the Argentine Embassy in Japan.

Thirty-two per cent of the U. S. popcorn production is grown in Iowa.

## Perkins

PERKINS—Mr. and Mrs. William Sharkey attended the celebration of the silver wedding anniversary of Mr. Sharkey's brother-in-law and sister, Mr. and Mrs. Jack Del Bello of Marquette. Mrs. Del Bello is the former Luella Sharkey of Perkins.

Louis Demeuse attended the funeral services of his brother-in-law, Joseph Frechette, Saturday at Washburn, Wis. He was accompanied by his daughter, Mrs. Louis DeGrand of Escanaba.

Pvt. Lyle Kinnart who is stationed in Georgia is spending a furlough with his mother, Mrs. Charles Kinnart, and other relatives. He expects to leave for Korea at the close of his furlough Jan. 7.

Melvin Anderson who attends Michigan College of Mining and Technology at Houghton is spending the holiday vacation at the home of his mother, Mrs. Dick Anderson.

Mr. and Mrs. Floyd Engberg and children of Grand Rapids were holiday guests of Mr. and Mrs. Ed Selander.

Mr. and Mrs. Clarence Kinnart and two children of Detroit visited with Mr. and Mrs. Jules Drossart and Mr. and Mrs. Stanley Deloria.

Miss Marilyn Fournier of Marquette is spending the holidays with her father, Joseph Fournier and with Mr. and Mrs. Delbert

Johnson. Other visitors at the Johnson home were Glen Johnson, home from a navy base in Louisiana.

Mrs. Dorothy Gerard of St. Paul is spending the holidays with her parents, Mr. and Mrs. Edwin P. Johnson.

Mr. and Mrs. Carroll Norden and son Dennis of Ann Arbor are visiting Mr. Norden's parents, Mr. and Mrs. Emil Norden.

Miss Louella Sharkey of Milwaukee spent the Christmas weekend with her parents, Mr. and Mrs. Napoleon Sharkey Sr.

Mr. and Mrs. Elwood LaChance and baby of Southline are visiting Mr. and Mrs. Francis LaChance and other relatives.

Mrs. Loretta Sutula of Waukegan, Ill., is visiting at the Alex LaChance home.

The Baldwin township school board will meet at the school Jan. 5. The Perkins school will reopen that date following the Christmas recess.

Mr. and Mrs. Sven Lundell have been advised that Mr. Lundell's father, Klous Lundell, died Dec. 13 in Sodertanelje, Sweden. He was 93. Other survivors are a son, Carl, of Chicago, and two daughters in Sweden.

John Gibbs is visiting the Rev. Wilber Gibbs at Marquette.

Sgt. Norbert Beauchamp returned to Camp Atterbury, Ind., after visiting his parents, Mr. and Mrs. Wilfred Beauchamp, St. Nicholas

## Powers

POWERS—Mr. and Mrs. Roger Lorensen of Milwaukee spent the holidays with relatives and friends here.

Mr. and Mrs. Bernard Danhieux of Green Bay and Mr. and Mrs. Richard Loeffler and son Wayne of Coleman, Wis., were Christmas guests at the Timothy Loeffler home.

Pfc. Gerald Ravet of Camp Lejeune, N. C., spent a 10-day furlough at the home of his parents, Mr. and Mrs. Joe Ravet.

Miss Gwendolyn Bagley who is instructor in physical education at Midland Junior High School is spending the vacation at the home of her parents, Mr. and Mrs. Roy Bagley at Wilson.

Miss Bernadette Fazer of Rockford, Ill., is home for the annual holiday period. Miss Fazer is a student nurse at St. Anthony's School of Nursing.

Mr. and Mrs. William Grau of Kiel, Wis., are visiting at the home of their son, Frank, until after New Year's.

Walter Grau of Los Angeles and Pfc. James Grau of Shepherd Field, Tex., are visiting their parents and other relatives and friends.

Mr. and Mrs. Ray Peterson and son Wallie were holiday guests at the home of Mr. and Mrs. C. C. Moors at Green Bay. They also visited the former's sister, Miss Minnie Peterson who recently returned from the City Hospital in Madison, where she was treated a month for meningitis.

Miss Emily Smythe RN of Mil-

waukee is visiting the Roy Bagleys at Wilson and other relatives.

Mr. and Mrs. Peter Kass have left for a winter vacation in Florida.

Mr. and Mrs. Forest (Bud) Wells of McCormick, S. C., spent the holidays with his mother, Mrs. Elva Wells and with relatives in Stonington.

Misses Joyce Ravet and Nancy St. John, student nurses at Misericordia Hospital in Milwaukee are home for the holidays.

Miss Mary J. Girard and Mrs. Francis Wiegand are visiting in Milwaukee with a sister, Sister Josephine, and in Grand Rapids with another sister, Mrs. Roy Hauser and family.

Mrs. Julius Hansen and family spent a few days at the home of her daughter, Mrs. Robert Johnson, Beloit, Wis.

Mr. and Mrs. Henry Veaser of Iron River and Mr. and Mrs. Harry Hughes (Helen Veaser) and son Mike of Detroit spent a few days at the home of Miss Myrtle Beatson.

Miss Betty Jane Shannon returned to Lansing Sunday after a week's vacation at the home of her mother, Mrs. Elizabeth Shannon.

Mr. and Mrs. Ray LaFave and family of Iron River were holiday guests at the Tom Bryson home.

Miss Isobel Williams of Flint is

visiting her parents, Mr. and Mrs. Ted Williams.

Mr. and Mrs. H. J. Fisher of Elgin, Ill., spent a few days at the home of Miss Myrtle Beatson.

Ted LaFave of Green Bay was a holiday guest at the Tom Bryson home.

Mr. and Mrs. Robert Prue and family of Mercer, Wis., visited his grandmother, Mrs. Alice Hamacher, Sunday.

Joe Veaser of Detroit spent the Christmas weekend with his parents, Mr. and Mrs. Ed Veaser.

AM-2/c Alan Mikus is here from California on a 15-day furlough, visiting his parents, Mr. and Mrs. Julius Mikus.

Miss Kathleen Veaser of Milwaukee is visiting her parents, Mr. and

Mrs. Ed Veaser. Also at the Veaser home for the holidays were Mr. and Mrs. Melvin DePas and family of Menominee.

Pfc. Donald Kane is home on furlough from Battle Creek and is visiting his parents, Mr. and Mrs. Mike Kane.

Miss Arlene Veaser of Milwaukee is at the home of her mother, Mrs. Bernice Veaser for the holidays.

A-3c William Dault is home on furlough from Lackland AFB, Tex., and is visiting his parents, Mr. and Mrs. Ted Dault.

It is said that four-legged animals are much more easily killed by lightning than are human beings.

## Big Business Cabinet Has Tough Assignment

By SAM DAWSON

NEW YORK (AP)—Big businessmen are moving into Washington—so some folk say.

And critics ask: Will a cabinet full of big businessmen be able to deliver the goods in the big task it faces—or are people expecting more than business-trained officials can produce right away?

Business has been gratified at seeing leading executives of big corporations, big banks, and big corporation law firms—many with personal incomes running into six figures a year—getting top places in the new administration.

A wave of confidence has swept the industrial and financial worlds since the election, with much talk about the favorable atmosphere for business expected henceforth.

Businessmen contend they can do a better job of running big government than can the professors, the economists, the planners, the idealists—the men whom business criticized as wielding too much influence in Washington the last 20 years.

The change-over gives business

opportunity to run things closer to the pattern it approves. Some warn, however, that this carries with it a responsibility to produce popular results.

And the task the big business cabinet faces is tough. The challenge to business is clear cut. The voters will be watching, counselors warn, and reaction to any failure or to a business slump would come first.

While the President and his businessmen cabinet may propose how the country should be run, much will depend upon how Congress disposes of these proposals. Strong farm, labor and other blocs can act as brakes.

But with the conservative coalition in congress stronger now than before the election, most businessmen believe business will be given the green light.
